

Georgette Freestanding Tub

Available Exclusively at Thos. Somerville Co.

GEORGETTE ° 64.75" × 35.75" × 22"

This tub can also be specified with the extended deck on the front side, enabling the bather to sit and turn into the tub.

Georgette is a contemporary freestanding tub with very clean lines and concave sides. It features a flat, thin rim, center drain and an integrated deck on one side for mounting faucetry.

This elegant tub is available in Acrylic CXL™ or DoloMatte™, both American-made materials. Acrylic CXL is glossy cross-linked continuous cast acrylic, the finest in the world. DoloMatte is an MTI exclusive, innovative solid-surface with a velvety-soft touch and feel. Both are reinforced with a thick layer of fiberglass/resin/titanium backing for added strength and increased insulation. The color of this material is consistent throughout its thickness, making its finish renewable for long-term durability and beauty. The non-porous surfaces are easy to clean and extremely scratch- and stain-resistant.

Georgette is available standard in white as a soaker or with MTI's state-of-the-art air bath system, designed to be not only the most therapeutic in the world, but also the most hygienic.

See other side for the Wynona freestanding tubs.
