

Condensing Boiler Floor Stand

- Provides mounting for all Alta and Aspen boilers where wall mounting is impossible or impractical
- Rugged all-steel construction, painted black
- Simple design, easy to assemble
- Hardware for assembly included
- 54-1/2" height, 18-1/4" width, 24" depth
- **Part number for ordering: 111576-01**

Boiler Mounting

For Alta boilers use mounting holes **A and C**

For Aspen boilers, use mounting holes **B and C**

Uses mounting bracket included with boiler (not shown)

Hardware

- (6) sets of nuts, bolts, and washers for stand assembly and mounting of boiler bracket (not shown)
- Hardware **NOT INCLUDED** for securing stand to floor (**REQUIRED**)

IMPORTANT:

- Mounting bracket ships with boiler (not included with stand)
- For use only with models shown - not recommended for use with other models
- Boiler stand must be secured to floor (hardware not included)
- Two persons required to mount boiler on stand
- See boiler stand instructions (111623-0x) for additional details
