

SharkBite Max™

Slip Ball Valve

SharkBite Max™ allows users to connect pipe with ease - no tools needed. This new design features a stainless steel retainer for extra strength, higher pressure ratings (250 psi) and a lower insertion effort than previous versions of SharkBite Brass Push-to-Connect fittings. SharkBite Max slip ball valves are compatible with copper and CPVC.

Applications

Residential and commercial potable water, recirculation, hydronic heating/cooling (up to 50% glycol concentration) and direct burial.
