### I - GENERAL SPECIFICATIONS

Product Features	
	Certified to ANSI Z21.13 / CSA 4.9 Gas-fired Boiler Standard
	ASME "H" stamped boiler <small>(designed and constructed in compliance with the ASME Boiler and Pressure Vessel Code Section IV)</small>
	Wall mounted
	Zero clearance to combustibles <small>(clearances required for service)</small>
	Certified as Direct Vent (sealed combustion) or for use with indoor combustion air
	Sealed cabinet
	High energy ignition transformer <small>(spark ignition)</small>
	Built-in water pressure bypass <small>(guarantees minimum water flow)</small>
	Low water pressure sensor
	Integrated ECM boiler circulator
	Integrated 3-way valve <small>(diverts between DHW and CH demands)</small>
	Integrated Condensate Trap
	Setup Wizard
	120 VAC output for external CH circulator
	Built-in DHW flow sensor, with serviceable filter*
	Built-in DHW brazed plate heat exchanger *
	Two dry contact inputs for CH and 2 dry contact outputs for zone control
	WiFi remote connectivity embedded
	Outdoor temperature sensor input <small>(or access weather via WiFi connection)</small>
	Adjustable flue temperature limit

Control Features	
	Integral micro processor safety control - flame safeguard and temperature
	BURNER TEST Mode - for combustion setup
	AUTO function (outdoor/indoor reset) <small>resets boiler temperature depending on outdoor and/or room temperature</small>
	Adjustable reset curve
	Adjustable reset temperature boost
	Summer/Winter changeover (WWSD) <small>(with optional NTI Room Sensors)</small>
	Integrated programmable T-stat x 2
	Adjustable freeze protection
	Factory settings restore option
	Cascade up to 8 TRX/FTVN/Compass-series boilers
	Selectable DHW Preheat feature*
	Adjustable post purge timer*
	Adjustable ignition delay timer
	Manual mode operation (pump/fan/diverter)
	Boiler statistics
	Lockout and error history <small>order code: 3319457</small>
	Optional 0-10V / 4-20mA input clip-in module <small>order code: 3260184</small>
	Optional NTI 3-Zone Pump/Valve Controller <small>order code: 3301455</small>
	Optional Room Sensor

**\*For DHW combination boilers (models end in "C" only)**

Factory Supplied Items			
	10K thermistor outdoor sensor		LP conversion kit
	30 psi ASME pressure relief valve		Vent screens
	Pressure and temperature gauge

Volume	Water Content	Gallons	1.1	2	2.7	1.2		2.7	

<sup>1</sup> Listed Input and Output Ratings are at minimum vent lengths at an altitude of 0 - 2000 ft. Numbers will be lower with longer venting and/or altitudes greater than 2000 ft.

<sup>2</sup> Ratings based on standard test procedures prescribed by the US Department of Energy and certified to ANSI Z21.13/CSA 4.9

<sup>3</sup> The TRX requires a special venting system. Use only the vent materials and methods detailed in these installation instructions.

<sup>4</sup> It is permissible to use SS vent material, however, only PVC/CPVC/PP can be directly inserted into the appliance adapters.
