

**"IF IT  
DOESN'T SAY  
FLOW RIGHT,  
IT DOESN'T."**

**RTA: Ready-To-Assemble Filter Cabinets**

- Delivered in a flat, easy to store carton and assembles in just minutes.
- Improves air-flow up to 20% and improves equipment efficiency.
- Easily adjusts from 4" to 18" in height.
- May be used as a booster box without the filter door.
- Available in standard galvanized or powder coated (Please ask for details).

8 RTA Flow Right boxes fit into less space than one pre assembled cabinet.
