

Shower Rods Technical Specification

Shower Rod Flange Set

55-F

Stock Numbers:

- **55-F –Shower Rod Flange Set**
Stainless Steel Finish
Concealed Mounting Screws
Two Assemblies per Set
Fits 1" Diameter Rods

Dimensions:

Materials:

Flanges are stamped from stainless steel. Cover is brushed to a satin finish.

Installation Instructions:

1. Position rod in shower opening in desired location.
2. Mark rod ends on walls.
3. Position brackets so that they are centered over rod outlines and mark mounting holes.
4. Drill starter holes.
5. Attach left bracket to wall using 2" screws (provided).
6. Slide left cover on left end of rod and mount on installed bracket.
7. Place right cover on right end of rod.
8. Insert right bracket into right end of rod.
9. Place end of rod in position and attach bracket to wall with 2" screws (provided).
10. Snap covers into place over brackets.

Note: Wood blocking is preferable behind all wall surfaces.

If wood blocking is not available, the following optional fasteners are suggested: Tile/Masonry – Plastic or Lead Anchors; Plaster/Drywall – Toggle Bolts
