

Pro Series™ Systems

Heating, Cooling and
Indoor Air Quality
Equipment for Your Home

THE COMFORT OF YOUR DREAMS RIGHT AT YOUR FINGERTIPS

 **ARMSTRONG**
AIR®
The Professional's Choice

The highest degree of harmony.

Envision a home where each heating and cooling component comes thoughtfully designed to deliver integrated comfort season after season. Armstrong Air® Pro Series™ systems provide optimal comfort, cleaner air and targeted temperature control anywhere in your home.

Pro Series™ System Components

FURNACE

Circulates air and provides gas heating for your home.

THERMOSTAT

Experience intuitive temperature control.

AIR CONDITIONER

Electric cooling for your home.

HEAT PUMP

Electric heating and cooling for your home.

AIR HANDLER

Circulates air and can provide back-up electric heat.

Your ideal environment.

Achieve the comfort of your dreams with the power of Armstrong Air® Pro Series™ systems. Elevate your environment with customizable settings on your thermostat, with whisper-quiet heating and cooling solutions that help ensure your home is just the way you want it, any time of day.

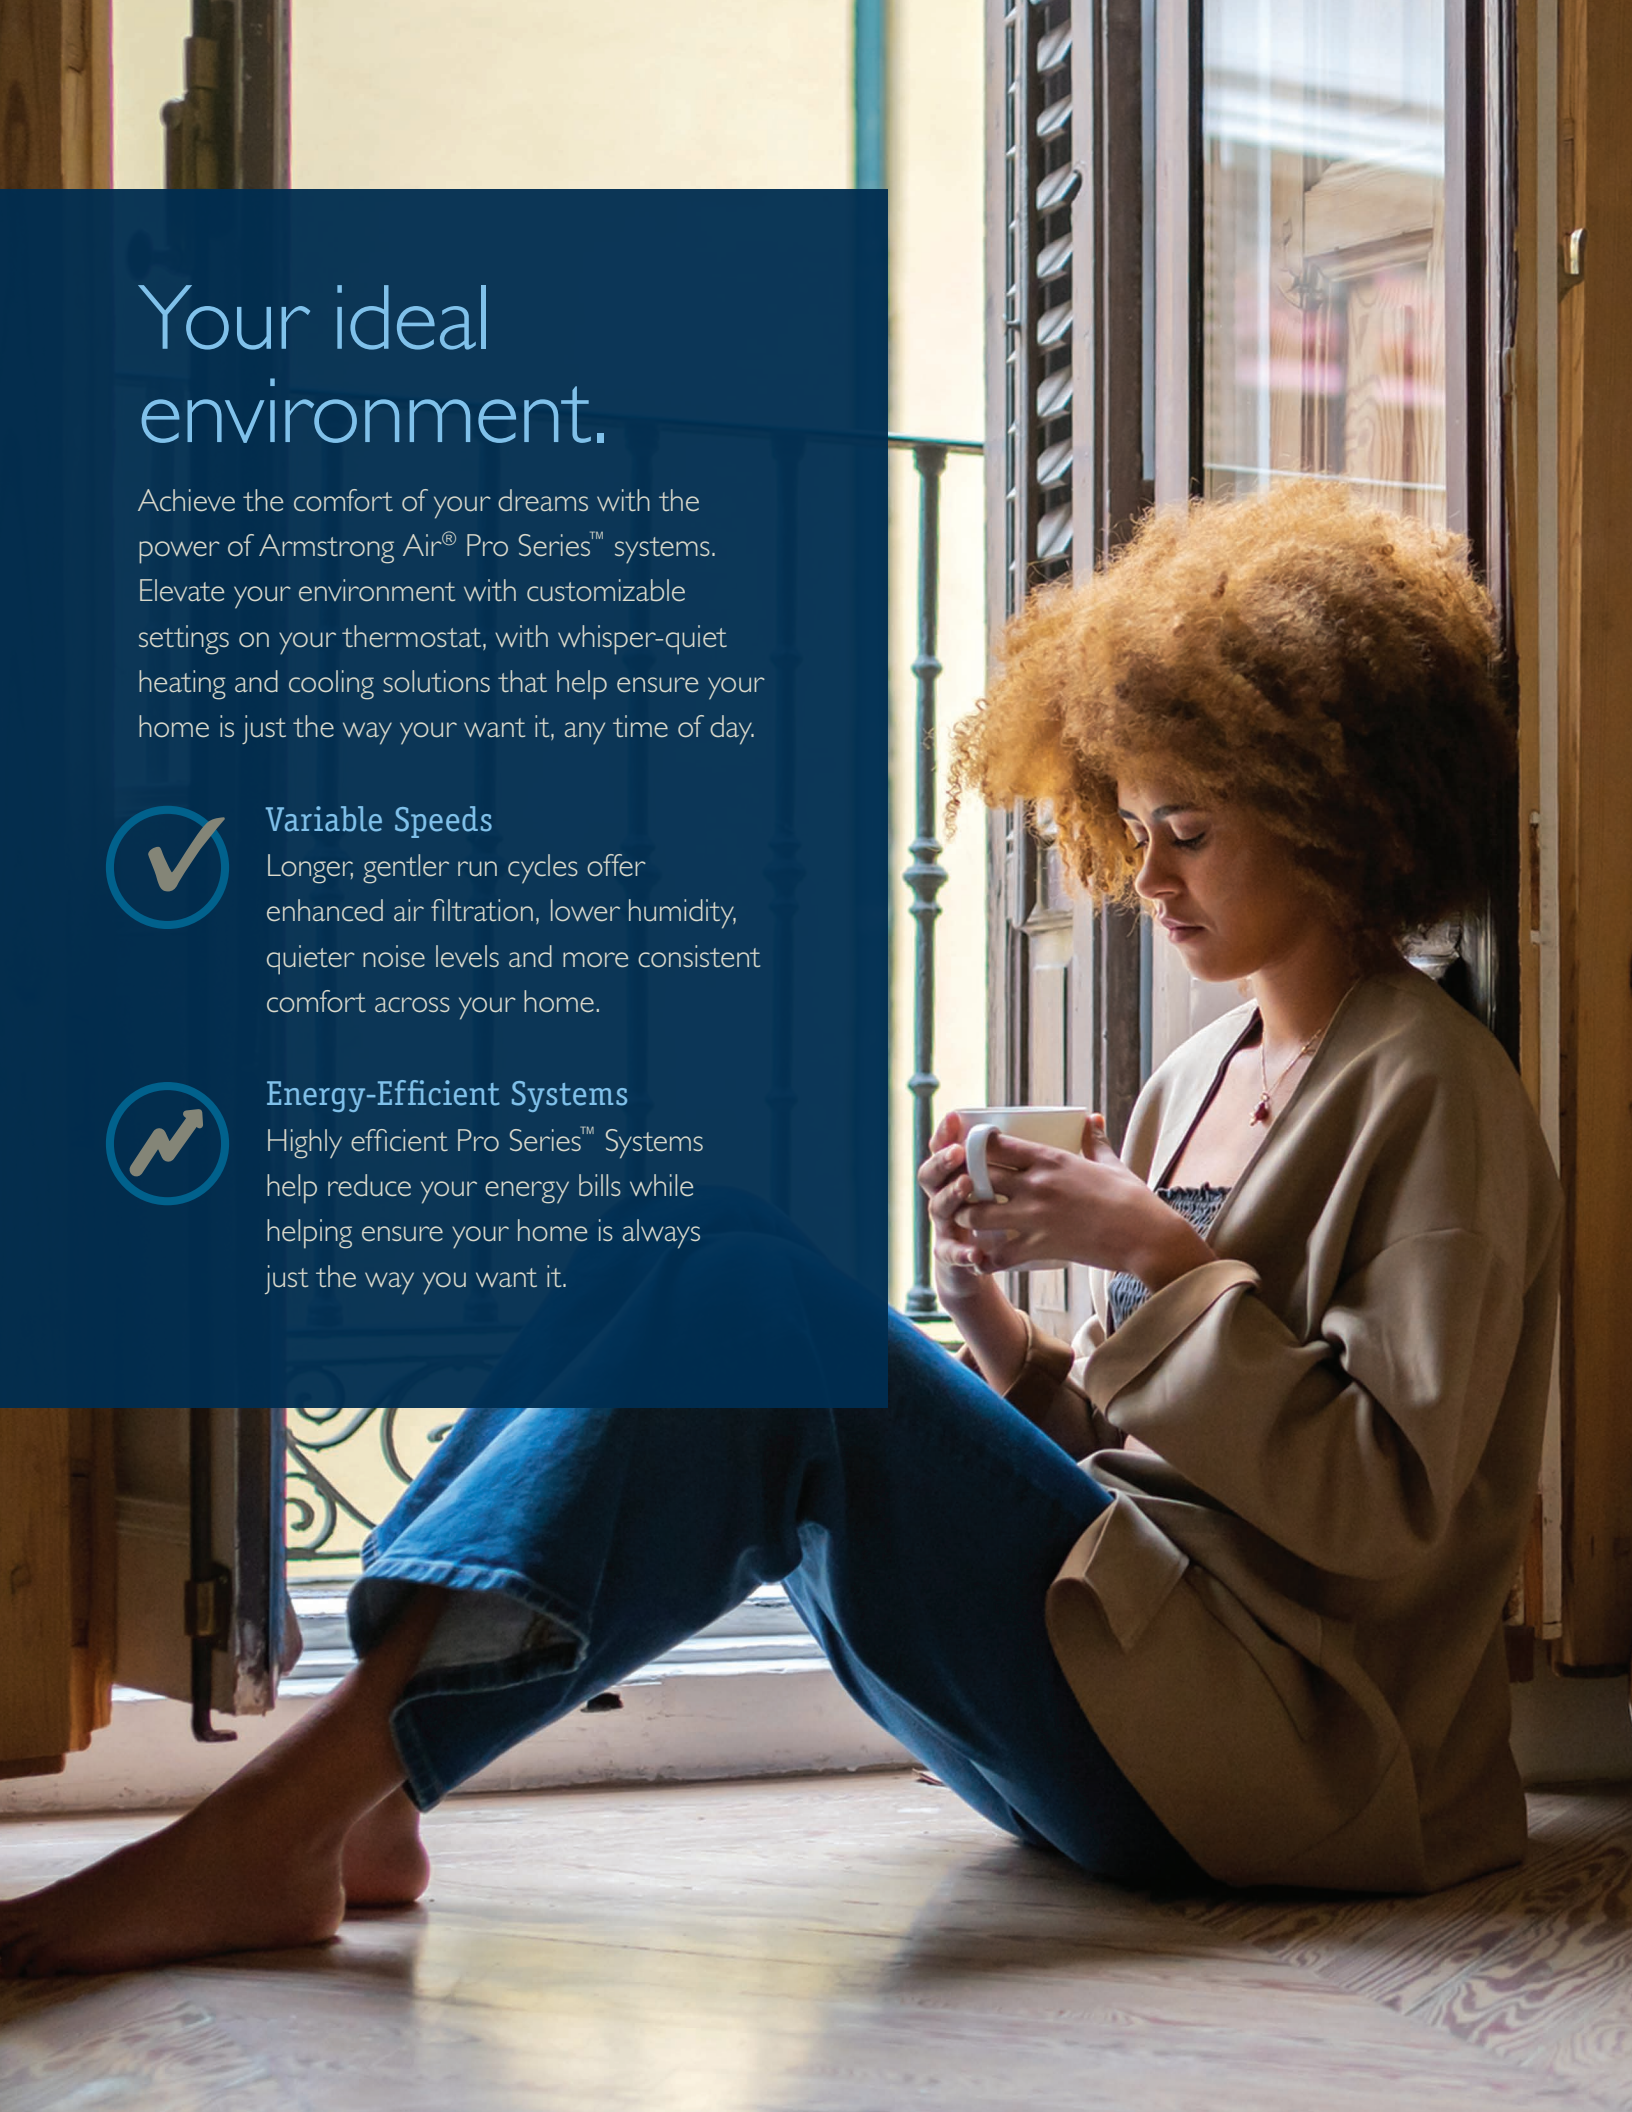

Variable Speeds

Longer, gentler run cycles offer enhanced air filtration, lower humidity, quieter noise levels and more consistent comfort across your home.

Energy-Efficient Systems

Highly efficient Pro Series™ Systems help reduce your energy bills while helping ensure your home is always just the way you want it.

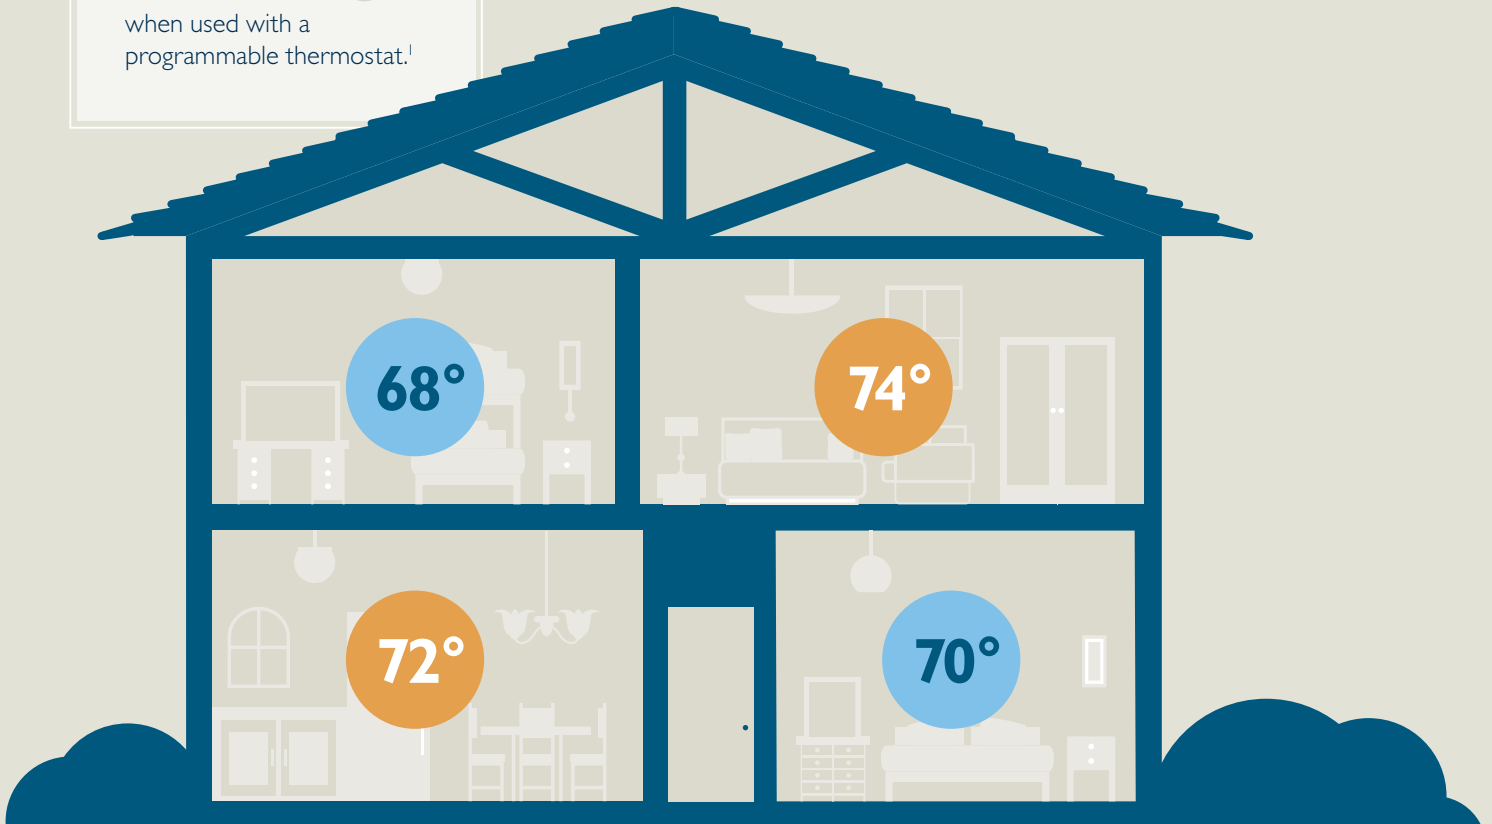

In the zone.

Create an exceptional environment designed with your comfort in mind. Smart-enabled Pro Series™ systems use Comfort Sync® zoning to direct targeted heating and cooling to up to four different areas of your home. This helps reduce energy use and deliver personalized temperatures for your whole family.

Zoning can mean
energy savings of up to

35% 

when used with a
programmable thermostat.!

Targeted Temperature Control

Each zone has its own adjustable, voice-activated² thermostat for personalized comfort.

In-Zone Sensors

Sensors in each zone communicate with dampers in your ducting to direct air only where you want it.

Smart Energy Use

Help eliminate wasted energy by only heating and cooling areas of your home that are in use.

1. US Department of Energy statistics

Free yourself with intuitive control.

Comfort Sync® A3 Ultra-Smart Thermostat

At the heart of the Pro Series™ line is the Comfort Sync® A3 Ultra-Smart Thermostat. It communicates with your entire system, making adjustments to ensure every component is working in harmony. Convenient touchscreen operation and full control from your tablet or smartphone helps place your home comfort right at your fingertips.

Comfort Sync® A3 App

Program your Comfort Sync® app once and enjoy the freedom of fully intelligent heating and cooling. Your system will adapt to your schedule to deliver total harmony across your home, so you can spend more time enjoying your ideal home environment every day, and less time tinkering with thermostat settings.

Allergy Sync™

Monitors your air quality, starting your system's fans as needed to filter your indoor environment.

Climate Sync™

Automatically dehumidifies your home, removing excess moisture for cleaner, more comfortable air.

Away Sync™

Detects your location based on your phone's GPS to adjust to energy-efficient temperatures while you're away and to reset to your preferred settings upon your return.

Comfort you'll never have to think about.

Pro Series™ outdoor units reduce noise levels by more than half compared to traditional, single-stage units. Plus, they feature leading innovations like our Quiet Shift™ Technology and Quiet Combustion™ Technology, to deliver peaceful comfort for your home.

Pro Series™ systems can help save you money.

These ENERGY STAR® Most Efficient-rated systems offer enhanced energy efficiency that can help dramatically reduce your annual energy bills.

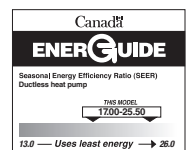

Built smarter to last longer.

Each component in the Pro Series™ stands out with reliable, variable-speed technology. This allows your system to run longer at lower speeds, helping reduce wear and tear. Plus, your Comfort Sync® A3 Ultra-Smart Thermostat makes constant adjustments and sends timely maintenance reminders to ensure your home is always just the way you want it.
