

Stainless Steel Sheer Rings

Add extra strength to any Fernco coupling

Fernco's stainless steel sheer rings help maintain proper alignment in the most unstable ground conditions. Bushings are supplied separately for material transition and size reduction.

Available for Fernco's 1-1/2" to 15" couplings with **CUSTOM SIZES** available.

Technical Specs

- Series 300 stainless steel bands, nuts and housings
- Designed to fit Fernco coupling series:
1001-Clay to Clay
1004- Concrete to Concrete
1055-AC to AC
1056-CI/Plastic to CI/Plastic

Part No.	Fits Fernco Coupling Part No.	Length	Width	Band
SR-9	1056-150	9"	1.5"	32
