ROBERN: ENGINEERS OF THE UNEXPECTED

At the heart of Robern is a belief that the best things in life are unexpected, which is why we treat everything we craft—from mirrors to vanities, from medicine cabinets to lighting collections—as an opportunity to go above and beyond what anyone might expect. It's the implementation of thoughtful and surprising design, technology and quality materials that can truly turn a product into a meaningful, highly personalized experience. Since 1968, this has been our sole focus. And it is why we are, and always have been, engineers of the unexpected.

robern[®]

BEHIND THE DESIGN

For 50 years, Robern has utilized a design approach built around innovation and customization. As key tenets in our thinking process, Robern has consistently crafted the most state-of-the-art styling space solutions in the category. This unwavering vision also leads us to consider product pairings—which include the globally curated tile of ANN SACKS and the artfully crafted plumbing collections of KALLISTA—to create unparalleled full-suite solutions. Now, with our golden anniversary upon us, we feel more driven than ever to keep pushing the proverbial design envelope of our product portfolio. And, as a result, continue elevating daily routines so they feel anything but routine.

THE PROFILES™ COLLECTION™ BY
ROBERN® FEATURING ANN SACKS®
TILE AND KALLISTA® PLUMBING

CELEBRATING 50 YEARS

- **MEANINGFUL INNOVATION**

From dimmable lighting to defoggers, from automatic timing to touch control, we deliver styling space innovations that matter most to you.

- **UNPARALLELED CRAFTSMANSHIP**

Aluminum and glass are two of the signature premium materials our craftspeople skillfully transform into distinctive fixtures and furnishings.

- **THOUGHTFUL DESIGN**

At Robern, we believe no detail is too small—every single feature incorporated into our styling space solutions has purpose and meaning.

- **UNCOMPROMISING QUALITY**

Everything Robern makes—from vanities to mirrors, medicine cabinets to lighting collections—embodies the principle of quality above all.

- **TRANSFORMING ROUTINES**

Because everyday routines should never feel ordinary, it is our mission to craft quality products that noticeably transform the day-to-day.

HISTORY OF ROBERN

REFLECTING ON THE PAST, LOOKING TO THE FUTURE

1968

Robern was established, first making railings before pioneering innovative cabinetry

1991

Started offering modular solutions with cabinets and lighting

1995

Joined the Kohler Co. family of businesses, keeping its headquarters in Bristol, Pennsylvania

KOHLER

1970

1990

1980

● INDUSTRY FIRSTS

1986

- Developed three-mirror medicine cabinet
- Designed recessed and surface-mount cabinets and side kits

1991

- Developed high-quality task lighting
- Implemented mirror defogger
- Electrical outlets incorporated into design

1992

- Created 4-, 6-, and 8-inch depth options
- Designed semirecessed solutions

2009 ○.....
 Launched Uplift® vertical medicine cabinet

2010 ○.....
 Introduced line of vanities as part of product offering

2014 ○.....
 Upgraded medicine cabinet line to offer cabinet configurations for personalization

2015 ○.....
 Started offering collaborative custom design services

Introduced AiO® cabinets with integrated lighting

○ **2016**
 Launched custom-lighted mirrors

○ **2018**
 Robern Designer, an online design tool, introduced

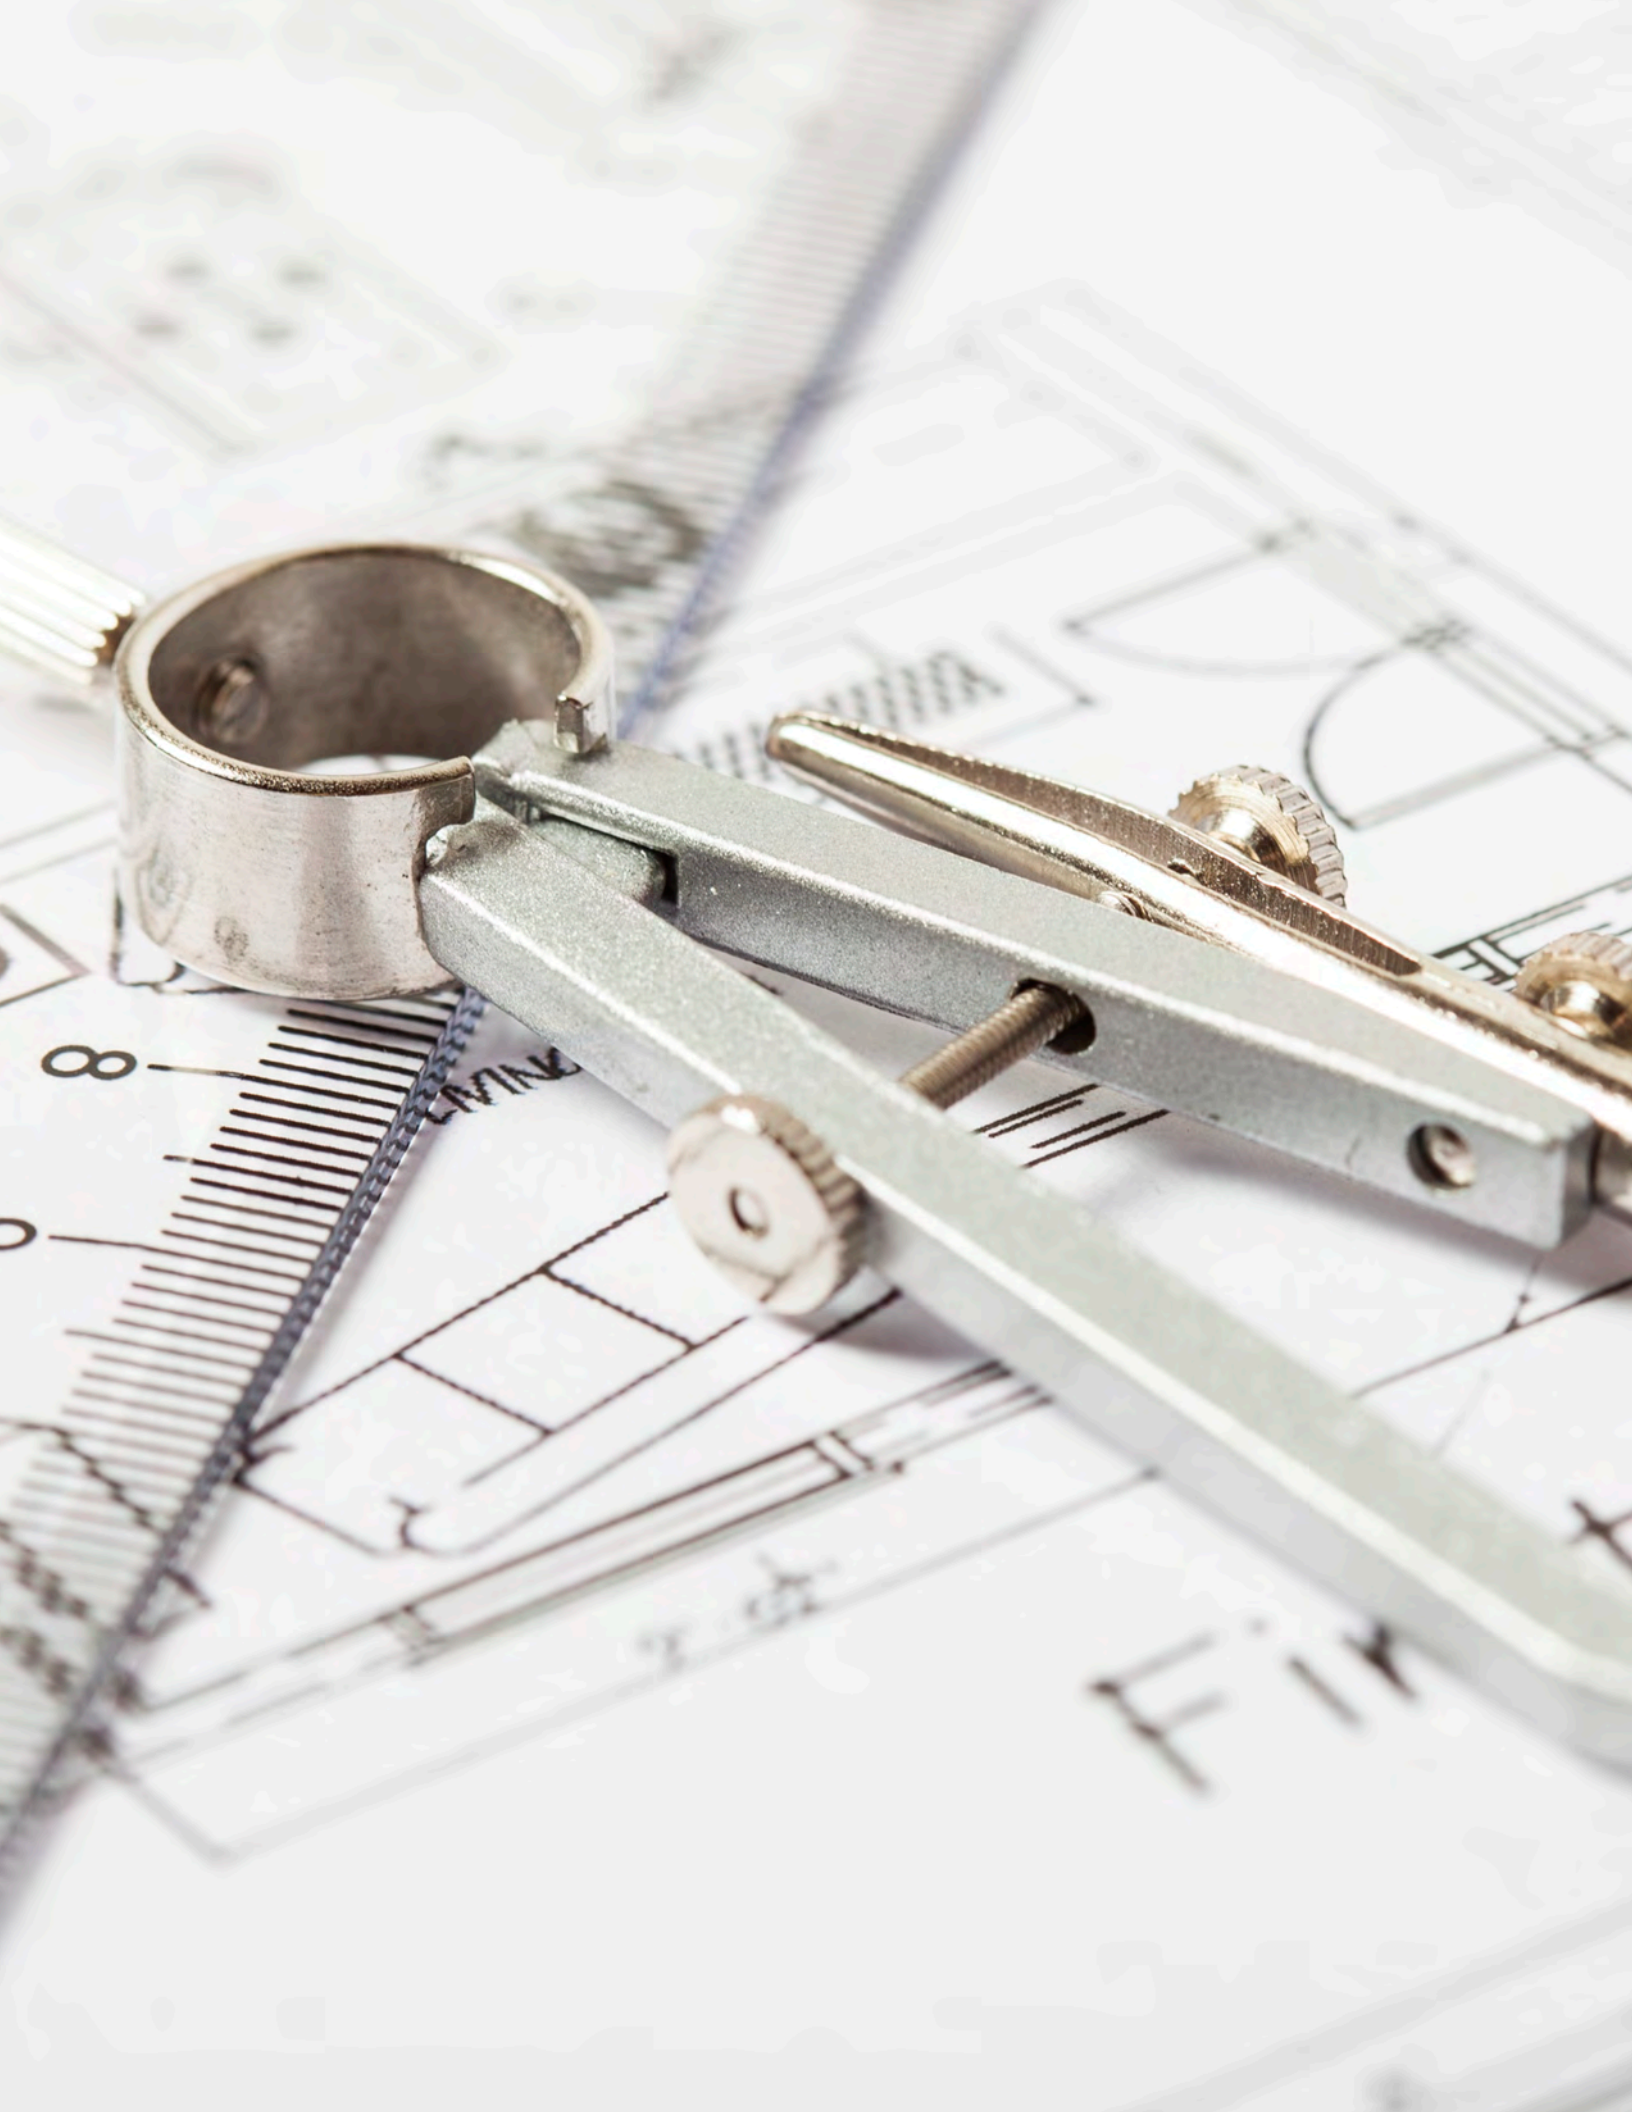

2000

- 2009**
- Interior illumination feature added
- 2010**
- Created convenient vanity night lighting
- Compact, space-efficient solutions offered

- 2013**
- Launched digital “endangered” wood pattern vanities for sustainability
- 2014**
- USB port feature added
- 2015**
- Introduced one-touch LUM™ Lighting with capacitive-touch dimming on cabinets
- Developed OM® Audio, cabinet speakers enabled with *Bluetooth*® wireless technology

2010

COLLABORATIVE DESIGN

Fostering a collaborative design process is key to the success of a commercial project, which is why we look forward to hearing your ideas and working with you to bring your vision to life.

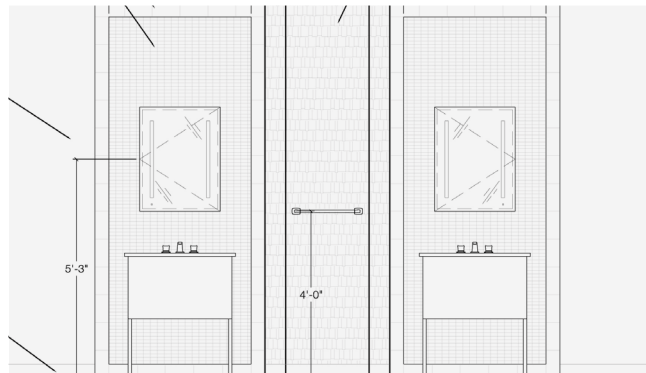

PROCESS

From innovative designs to tailor-made products, we work with you every step of the way.

DRAFT

We work with your sketches and measurements to create a draft.

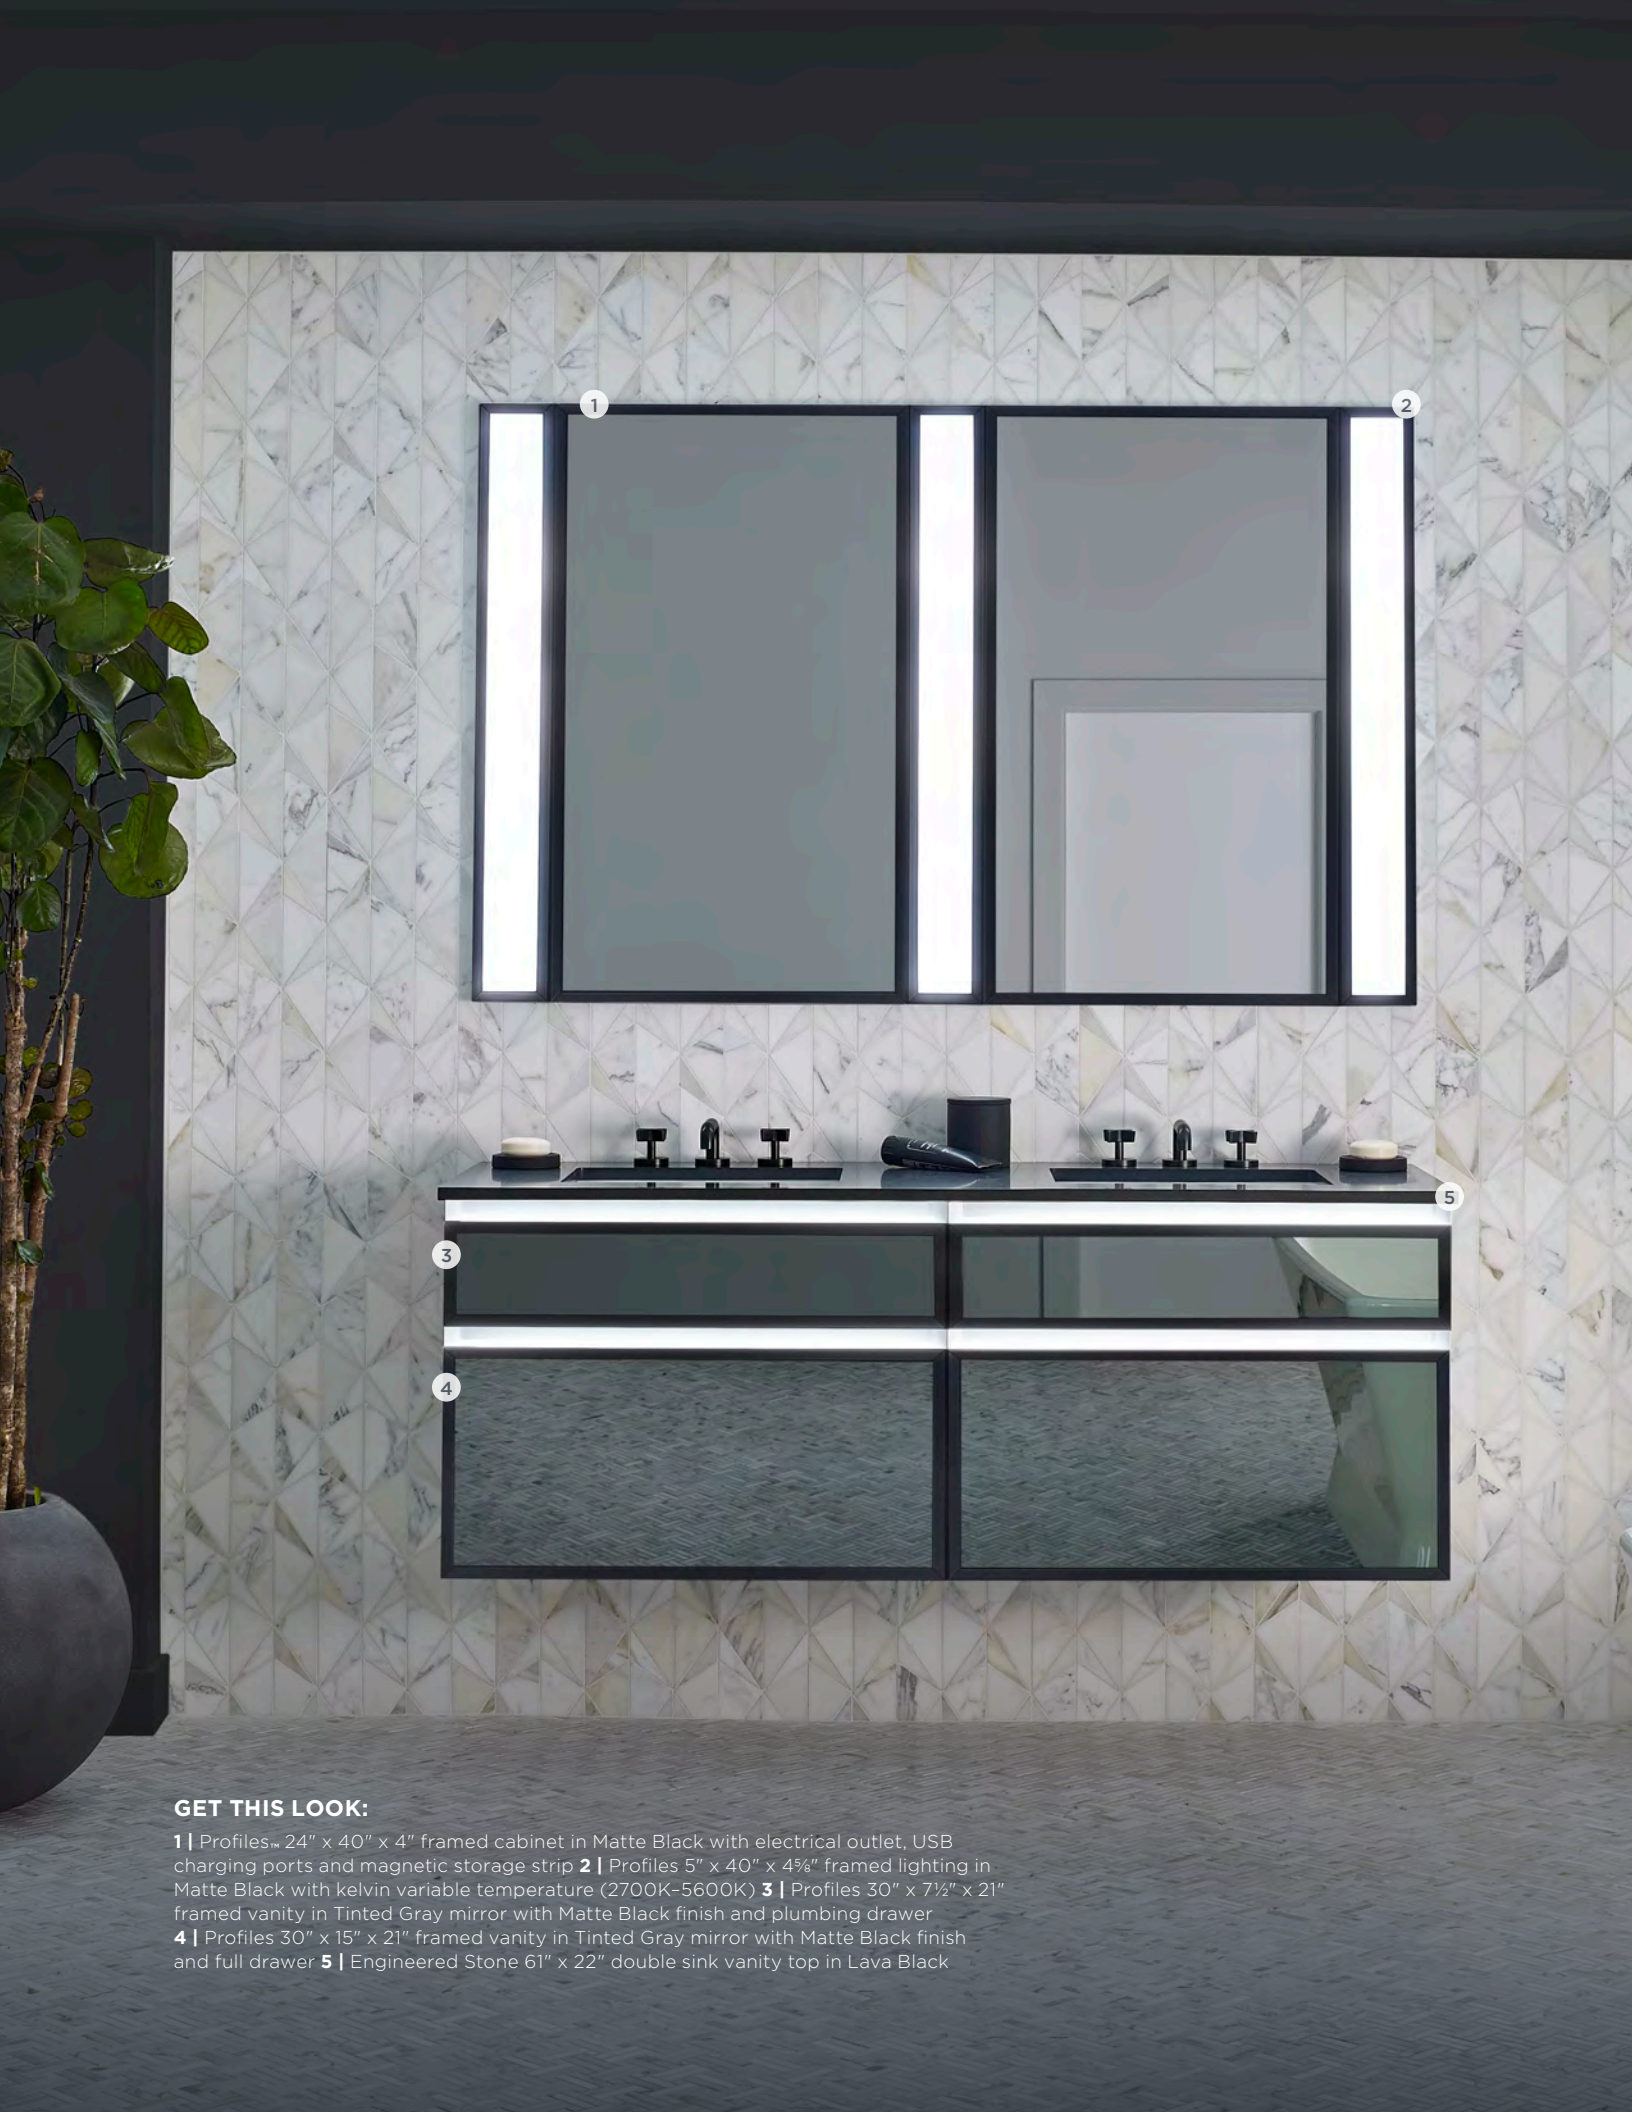

DESIGN

We create detailed CAD drawings that reflect your vision.

DELIVERY

Our craftspeople meticulously bring your design to life.

CENTER STAGE

TREND | FASHION

DESIGNER | ANNA KROESSER &
AMELIA STRAT

With ten years of interior design experience between them, Brooklyn-based designers Anna Kroesser and Amelia Strat of Kroesser + Strat Design use modern and vintage influences to evoke a stylish, livable vibe in residential and commercial applications.

In the bathroom on the left, the pair looked to fashion designer icons for inspiration. Using pieces from the Profiles™ Collection framed in Matte Black as their creative starting point, Kroesser and Strat thoughtfully layered varying textures and elements to balance the sleek and modern look.

DESIGN+ FUNCTION

TREND | FUNCTIONALITY

DESIGNER | NICHOLAS MORIARTY

Chicago-based designer Nicholas Moriarty is the founder of Nicholas Moriarty Interiors, a nationally recognized, multidisciplinary firm specializing in eclectic, contemporary and modern designs.

His high-contrast bathroom design on the left takes functionality to a stunning new level. Aiming to fundamentally change the way in which someone interacts with the space, Moriarty incorporated the state-of-the-art Cartesian® vanity, M Series cabinets and InLine lighting.

FOUNTAIN OF YOUTH

TREND | PERSONAL SPA

DESIGNER | TERRY STRANDEMO

The principal designer of Strandemo & Associates and an ASID member for over 30 years, Terry Strandemo has led a diverse team of architects, contractors and landscapers in numerous projects all across the U.S.

Her spa-inspired sanctuary on the left underscores the importance of lighting in creating the perfect place to escape. The AiO[®] cabinet with integrated warm lighting option, serves to both energize the spirit and deliver a relaxing feel. The addition of the floating Cartesian vanity minimizes clutter and maximizes the clean airy vibe.

BRIGHT IDEAS

TREND | EMPOWERMENT

INSPIRATION | CORINNE GAIL SADOWSKY

Internationally accredited designer and Certified Aging-In-Place Specialist Corinne Gail Sadowsky founded Corinne Gail Interior Design in 2007, which focuses on private residential design models and public space designs.

If there was a single word to describe her streamlined bathroom design on the left, it is empowerment. A thoughtful combination of the right lighting, like the Vitality™ mirror's integrated task lighting, and the organizational design of the Cartesian® vanity, is enough to give anyone a sense of readiness and confidence to start the day off on the right foot.

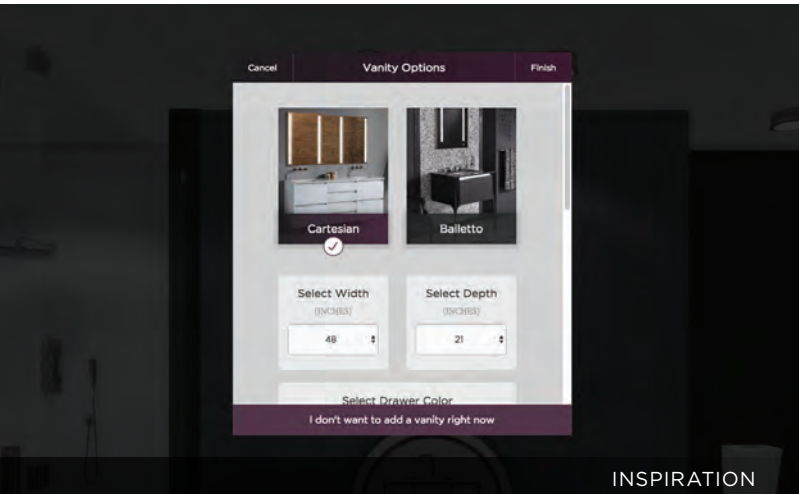

INTRODUCING ROBERN DESIGNER

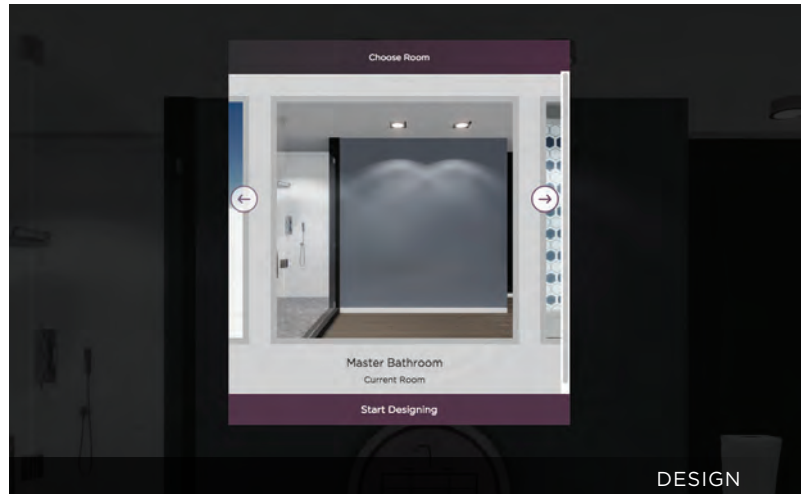

YOUR PARTNER THROUGHOUT THE REMODELING PROCESS

Streamline the selection and design of your bathroom styling space with our free design tool, available now for desktop. Simply enter the dimensions, select your products, mix and match finishes, and see the finished design in your layout.

Using the intuitive interface, you'll be able to view your configuration from every angle to truly visualize it in your space. Visit robern.com/designer to see how Robern Designer can simplify the design and ordering process for you.

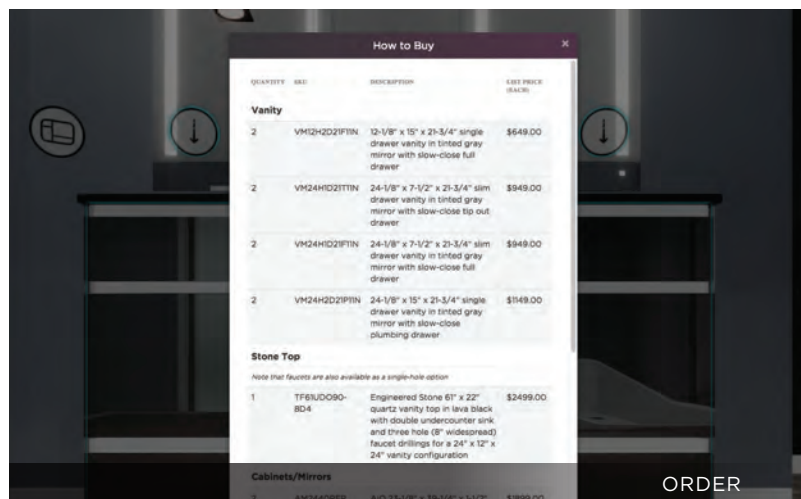

INSPIRATION

DESIGN

SELECTION

ORDER

1. INSPIRATION

With our guided approach, Robern Designer allows you to select the best products for your space. Spark your creativity and see your vision in 3-D, knowing whichever pieces you select will be a perfect fit.

3. SELECTION

With just a few clicks, mix and match products, colors and materials to find the pieces that reflect your personal style. From the initial floor plan to the finishing touches, we'll help you create a customized, functional styling space.

2. DESIGN

Create, configure and collaborate—Robern Designer makes each step of the design process easy. Select from preconfigured room layouts and use our drag-and-drop tool to design your dream space.

4. ORDER

Once you've finalized your design, Robern Designer will help you move seamlessly to the next step. Save and share your design, create a bill of materials, link to spec sheets and installation guides, and connect with a showroom that can fulfill your order.

AiO[®]

LIGHTED MIRROR

For a mirror with a minimalist aesthetic that provides the perfect task lighting and is easy to use, our AiO lighted mirror combines a mirror, warm or cool task lighting, integrated USB ports and fine-tuned audio capability for a connected experience in your styling space.

FEATURES & BENEFITS

- OM[®] Audio: built-in speakers with *Bluetooth*[®] connectivity supports most Android and iOS devices. Volume controlled by device
- LUM[™] Lighting: integrated dimmable LED lights and one-touch lighting control with capacitive-touch switch built into the mirror
- Choose between warm, relaxing tones (2700K) that replicate indoor lighting or cool, invigorating tones (4000K), which simulate bright daylight
- Remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection
- Light direction and output eliminates dark shadows; provides bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting lets you select the ideal brightness for any task
- Includes two USB charging ports
- ETL-certified to UL 1598, CSA Standard C22.2, No. 250.0

INSTALLATION

- This installation may require more than one person
- Single field wire installation; hardwire to a wall or a switch (120 Vac 60 Hz 1.2 A)
- ½" conduit (⅞" actual) electrical knockout
- Includes installation hardware with easy installation via French cleat mounting system and back pan design for easy wiring

DIMENSIONS & WEIGHT RANGE

AiO[®] LIGHTED MIRROR

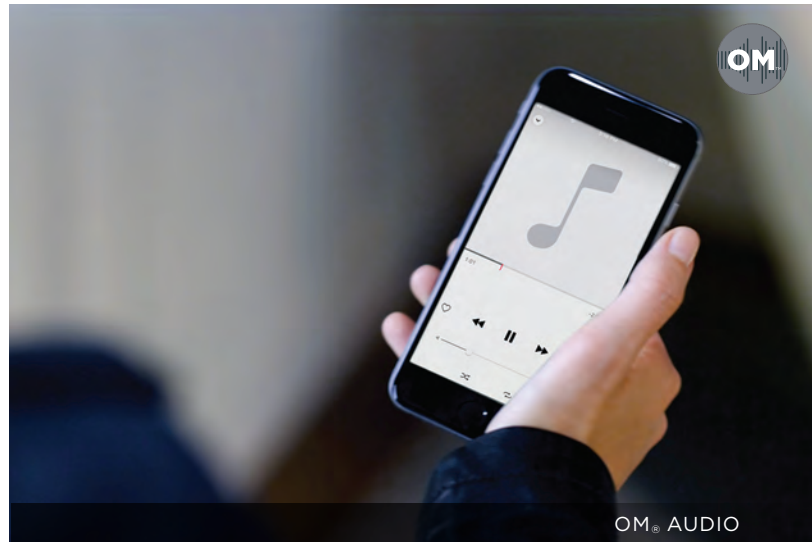

The AiO Collection merges minimalist design with Robern's most innovative features—like LUM™ Lighting, OM® Audio technology and integrated USB—to transform your everyday routine into an unexpected experience.

The AiO lighted mirror combines thin-profile minimalist design with flawless functionality and connectivity.

TWO COLOR TEMPERATURES NEW

- Warm White LED Lighting—warm, relaxing tones (2700K) replicate indoor light
- Cool White LED Lighting—cool, invigorating tones (4000K) simulate bright daylight

QUALITY OF LIGHT

- Color rendering index (CRI) offers remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection
- The right light is achieved by a combination of high-lumen output and proper placement in relation to the face and body
 - Eliminates dark shadows
 - Provides bright, even task lighting

LUM LIGHTING

The capacitive-touch dimming switch controls the LEDs from the mirror itself.

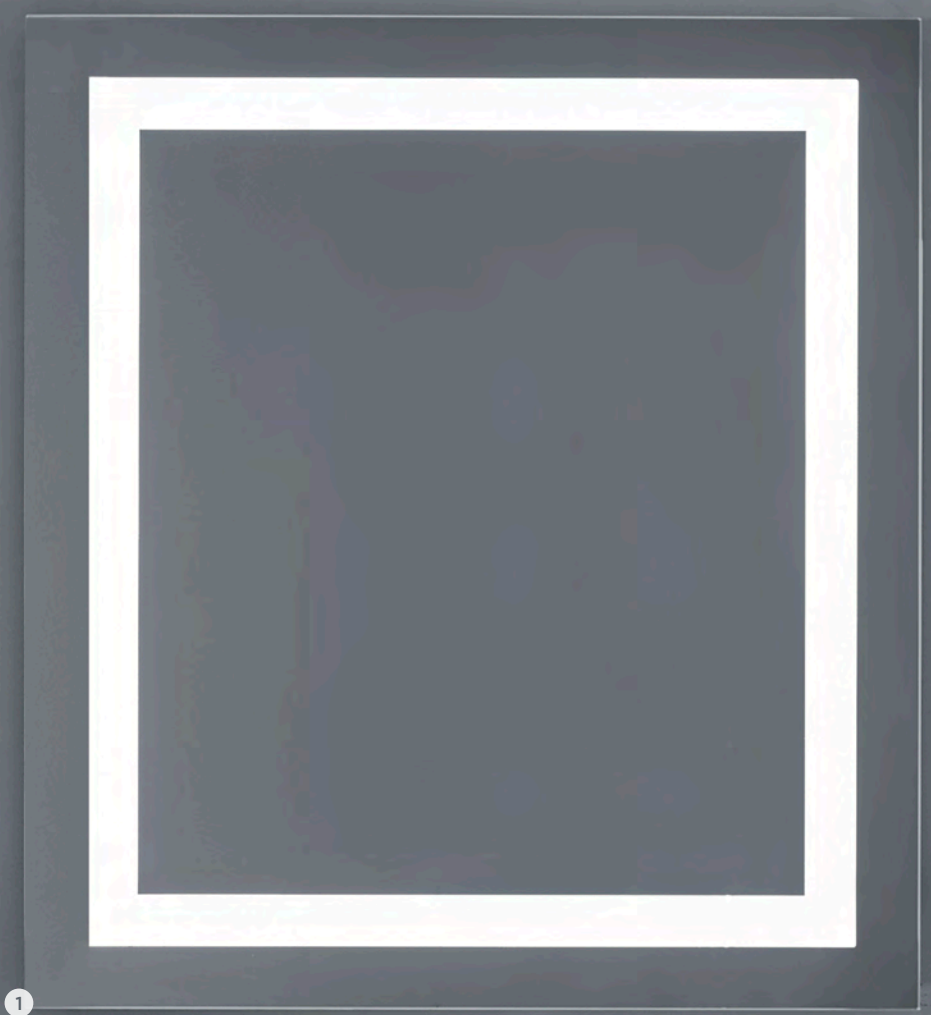

OM AUDIO

Turn your mirror into a personal audio system. Unlike traditional speakers that provide unidirectional sound, OM Audio lets your music resonate through the entire mirror, creating a richer, fuller audio experience. Connect your mobile device using high-fidelity *Bluetooth*® audio to listen to your favorite music tracks.

USB CHARGING PORTS

Two integrated USB ports conveniently charge your mobile and media devices.

The *Bluetooth* word mark and logos are registered trademarks owned by the Bluetooth SIG, Inc., and any use of such marks by Robern is under license. Other trademarks and trade names are those of their respective owners.

VITALITY™ LIGHTED MIRROR

Perfect light is now within reach. The Vitality Lighted Mirror Collection enhances your everyday routine with the highest quality of lighting in its class.

FEATURES & BENEFITS

- Choose between warm, relaxing tones (2700K) that replicate indoor lighting or cool, invigorating tones (4000K), which simulate bright daylight
- Remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection
- Light direction and output eliminate dark shadows; provide bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting to 1% lets you select the ideal brightness for any task, using a standard residential dimmer that works with your home's existing wiring
- Defogging technology ensures a clear reflection
- Energy-efficient LEDs
- Compatible with most TRIAC/Phase-cut dimmers
- ETL-certified to UL 962, CSA Standard C22.2, No. 12-82

INSTALLATION

- This installation may require more than one person
- Power cords installed for easy plug-in installation
- Requires 120 VAC 20 amp GFCI circuit recessed wall outlet
- Dimmer recommendation: C•L dimmers or Caseta wireless from Lutron
- For on/off (no dimmer) operation, a standard wall switch may be substituted in place of the dimmer
- Includes installation hardware with easy installation via French cleat mounting system

PROFILES™

WALL MIRROR

Put the finishing touches on your ensemble with a Profiles mirror in a coordinating metal finish, and add Profiles lighting to create a stylish and functional getting-ready space. Profiles mirrors are available in portrait orientation but can easily be ganged together, or connected to a Profiles medicine cabinet, to extend their visual impact.

FEATURES & BENEFITS

- Create a coordinated ensemble by pairing with Profiles medicine cabinets, Profiles lighting and Profiles vanities
- Modular mirrors can be ganged with Profiles lighting and Profiles medicine cabinets with optional ganging kit
- Hang in portrait orientation only
- Pair with Profiles medicine cabinets when storage is needed and Profiles lighting to create task lighting in your styling space

INSTALLATION

- This installation may require more than one person
- Includes installation hardware with easy installation via French cleat mounting system
- For ganging with Profiles medicine cabinet or Profiles lighting, a mirror ganging kit is needed to ensure flush alignment
- If ganging with Profiles lighting, the existing ganging kit found on one side will need to be removed, and the mirror ganging kit (sold separately) will need to be installed

M SERIES

WALL MIRROR

Luxury knows no bounds. Extremely versatile, M Series mirrors are available in ten sizes with two edge options and can be paired with cabinets, lights and accessories to create a seamless look.

FEATURES & BENEFITS

- Available in polished- or bevel-edge
- Hang in portrait orientation only
- Pair with M Series and PL Series cabinets when storage is not needed for the entire configuration

INSTALLATION

- Supplied with concealed mounting hardware
- When pairing with a cabinet, the cabinet door is $\frac{1}{8}$ " shorter than the wall mirror. The mirror is designed to match the height of the side kits and gasket
- If installing to have mirror and cabinet flush, a custom backing at roughly $\frac{7}{8}$ " is needed for the mirror to obtain the flush aesthetic

PROFILES™

VANITY

From the eye-catching accents to the ergonomic drawers, the Profiles Vanity Collection is more than just a customizable storage solution—it's an ideal centerpiece for your design. Choose storage options to maximize efficiency in your space, then select the color palette and finishing touches to customize your design.

FEATURES & BENEFITS

- Create a coordinated ensemble by pairing with Profiles medicine cabinets, Profiles lighting and Profiles mirrors
- Plumbing drawer allows clearance for drain; tip-out drawer (H1) provides a drawer for smaller items, and full drawer allows for maximum storage when plumbing does not interfere
- H1 (7½") vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15") vanities include one glass bin with plumbing drawer
- Organization kit for H2 (15") provides adjustable drawer dividers for storage right where you need it and prevents items from moving and sliding in the drawer
- Modular vanities can be ganged or stacked to fit a variety of desired heights and widths (ganging kit required)
- Night light option is ETL-certified to UL 2108, CSA Standard C22.2 No. 12
- Electrical outlet accessory is ETL-certified to UL 1363, CSA Standard C22.2 No. 21

INSTALLATION

- Side kits are sold separately to allow for customization and are available individually or as pairs. You must choose one side kit or alcove kit for every exposed side
- If stacking with a 7½" tip-out drawer, the second vanity must be a 7½" plumbing drawer, a 15" plumbing drawer or a 15" full drawer, as the first 15" needs plumbing clearance. If using 7½" tip-out for undercounter sink installation, slim plumbing drawer insert can be used with a 15" plumbing drawer and still clear pipes

DIMENSIONS & WEIGHT RANGE

Width	12", 24", 30", 36"
Height	7½", 15"
Depth	18", 21"
Net Weight	17-55 lb

OPTIONS

- Metal frame finishes: Polished Nickel, Chrome, Matte Black, Matte Gold
- Decorative glass options: mirror, ten decorative gloss and matte colors
- Night light: integrated LED night light with light bar built into top frame provides soft light to illuminate drawer interior and for way-finding light in selectable 2700 kelvin/4000 kelvin (s)
- Drawer application: choice of split plumbing (not available for 12" W drawer), full drawer or tip-out drawer (7½" H only, not available for 12" W drawer)

CARTESIAN[®]

VANITY

Meet the world's most accommodating vanity. Like the mathematical system that inspired its name, the Robern[®] Cartesian wall-mount vanity offers infinite possibilities for every dimension in your design. Customizable configurations ensure storage that perfectly suits your needs.

FEATURES & BENEFITS

- Offered in limitless designs, these vanities are built to fit your preference and storage needs
- Plumbing drawer allows clearance for drain; tip-out drawer (H1) provides a drawer for smaller items, and full drawer allows optimal storage solutions
- H1 (7½") vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15") vanities include one glass bin with plumbing drawer
- Organization kit for H2 (15") provides adjustable drawer dividers for storage right where you need it and prevents items from moving and sliding in the drawer
- Modular vanities can be ganged or stacked
- Night light option is ETL-certified to UL 2108, CSA Standard C22.2 No. 12

INSTALLATION

- Within a column, all vanities must be the same width. Ganging kit is required for each column connection point and is selected based on the connection height of the cabinets. Each ganging kit is by 7½" increments (H1 = 7½", H2 = 15", H3 = 22½", H4 = 30")
- Side kits are sold separately to allow for customization and are available individually or as pairs. You must choose one side kit or alcove kit for every exposed side
- If stacking with a 7½" tip-out drawer, the second vanity must be a 7½" plumbing drawer, a 15" plumbing drawer or a 15" full drawer, as the first 15" needs plumbing clearance. If using 7½" tip-out for undercounter sink installation, slim plumbing drawer insert can be used with a 15" plumbing drawer and still clear pipes

DIMENSIONS & WEIGHT RANGE

Width	12", 24", 30", 36"
Height	7½", 15"
Depth	18", 21"

VANITY

Take the guesswork out of vanity design. The Robern[®] Curated Cartesian Vanity Collection streamlines the design-making process with a handpicked selection of vanities designed to ensure that every piece—vanity, top and sink—will fit together flawlessly and complement any design.

Simply choose from three popular sizes, three stunning color combinations and an optional night light to create a personalized vanity that transforms the everyday routine.

SUPERIOR MATERIALS

SEAMLESS FUNCTIONALITY

STANDOUT FEATURES

NIGHT LIGHT

SUPERIOR MATERIALS

Glass finishes and engineered stone create a visually stunning product that's durable enough to stand the test of time.

STANDOUT FEATURES

Features such as in-drawer electric, styling tool storage and glass bins add the finishing touches.

SEAMLESS FUNCTIONALITY

Spacious drawers and tip-out storage options eliminate clutter and make the daily routine effortless.

NIGHT LIGHT

An optional LED night light elevates the contemporary design.

BALLETTO[®]

VANITY

A distinctive design with hidden side storage and a minimal, space-saving design, the Balletto vanity is the perfect combination of style and convenience.

FEATURES & BENEFITS

- Console vanity
- Hidden left- and right-hidden side tip-out drawers provide additional storage to house hand towels, tissues, waste, magazines and small items for convenience while minimizing space
- Plumbing drawer allows clearance for drain; tip-out drawer (H1) provides a drawer for smaller items
- H1 (7½") vanities include five glass bins for plumbing drawers; H2 (15") vanities include one glass bin with plumbing drawer
- Organization kit for H2 (15") provides adjustable drawer dividers for storage right where you need it and prevents items from moving and sliding in the drawer
- Electric accessory: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in. Installed within vanity drawer; not recommended to be used in combination with slim drawer insert
- Side stop: for use with 15" H vanity, reduces the distance the side storage drawer can open from 8¾" to 5½"
- Night light option is ETL-certified to UL 2108, CSA Standard C22.2 No. 12

INSTALLATION

- With a 7½" H vanity, a tip-out drawer must be used with an undercounter sink
- Slim plumbing drawer insert must be used with an above-counter sink installation; only available for 15" H vanities

DIMENSIONS & WEIGHT RANGE

Width	30", 36", 42"
Height	7½", 15"
Depth	21"
Net Weight	52-117 lb

OPTIONS

- Drawer application: plumbing drawer or front tip-out—H1 only
- Leg finish options: Chrome, Brushed Nickel and Brushed Black
- Decorative glass options: Mirror, 12 decorative gloss and matte finishes
- Night light: integrated LED night light with light bar built into top frame (top drawer only) provides soft light to illuminate drawer interior and for way-finding light in either selectable 2700 kelvin/4000 kelvin or 5000 kelvin
- Side storage options: empty, articulating, waste, literature, cotton

HIDDEN STORAGE OPTIONS

Your vanity comes with empty side storage that works well for storing large items. To personalize your storage, you can easily install additional side storage options. Hidden side storage options house hand towels, tissues, waste, magazines and small items to provide a level of convenience while minimizing space. Bathroom design does not get more luxe than this.

V14[®] VANITY

Designed to mount horizontally or stack vertically, the V14 vanity lets you create a unique layout with smartly designed storage space.

FEATURES & BENEFITS

- Choose between slow-close and push-to-open drawers, both providing long-lasting effortless operation
- Plumbing drawer allows clearance for drain and full drawer allows optimal storage solutions
- Vanities include five glass bins for plumbing drawers and four glass bins for full drawers
- Organization kit provides adjustable drawer dividers for storage right where you need it and prevents items from moving and sliding in the drawer
- Vanities are modular and can be ganged with other V14 and Adorn™ vanities to fit a variety of desired widths
- Electric accessory: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in. Installed within vanity drawer; not recommended in combination with slim drawer insert
- Night light option is ETL-certified to UL 2108, CSA Standard C22.2 No. 12

INSTALLATION

- Full drawer units are intended for ganging and stacking and are not designed to accept a sink
- Included side kit adds 1/8" to each side, 1/4" to overall width of vanity (does not apply to 12" W vanities)
- Hair styling organizer fits all vanity drawers except 24" plumbing drawer; cannot be used in combination with slim drawer insert
- Modular units require a ganging kit to ensure proper space and drawer functionality; hardware required when stacking two or more wall hung vanities

DIMENSIONS & WEIGHT RANGE

Width	12", 24", 30", 36", 48", 60"
Height	14"
Depth	21"
Net Weight	30-157 lb

OPTIONS

- Decorative glass options: Mirror, 12 decorative gloss and matte finishes, 3 Digital Wood® patterns

ADORN™ VANITY

The modular design of the Adorn vanity redefines style and customization. The vanity comes with an array of decorative options and can be ganged horizontally for a more seamless look.

FEATURES & BENEFITS

- Choose between slow-close and push-to-open drawers, both providing long-lasting effortless operation
- Integrated towel bar with clean, modern design, which puts towel conveniently close at hand; available for left side, right side or both
- Vanities include five glass bins for plumbing drawers
- Organization kit provides adjustable drawer dividers for storage right where you need it and prevents items from moving and sliding in the drawer
- Vanities are modular and can be ganged with V14® vanities
- Electric accessory: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in. Installed within vanity drawer; not recommended to be used in combination with slim drawer insert
- Night light option is ETL-certified to UL 2108, CSA Standard C22.2 No. 12

INSTALLATION

- Included side kit adds 1/8" to each side, 1/4" to overall width of vanity
- Slow-close drawer features an ergonomical integrated handle in Brushed Aluminum to coordinate with the Brushed Aluminum trim; handle adds 1" to the depth of the vanity
- Hair styling organizer fits all vanity drawers except 24" plumbing drawer; cannot be used in combination with slim drawer insert
- Slim plumbing drawer insert must be used with an above-counter sink installation; full drawer version can be used in bottom full storage drawer

DIMENSIONS & WEIGHT RANGE

Width	24", 30", 36"

Room Designer: Kroesser + Strat Design

PROFILES™ MEDICINE CABINET

The bold metal frame makes a stunning first impression, while the clever storage solutions within—like integrated outlets, USB charging ports and a magnetic tool holder—create a lasting impact. Profiles medicine cabinets are gangable and can be easily combined to create additional storage space. If the extra space isn't necessary, pair with Profiles mirrors or Profiles lighting to achieve the perfect look.

FEATURES & BENEFITS

- Create a coordinated ensemble by pairing with Profiles lighting, Profiles mirrors and Profiles vanities
- Modular cabinets can be ganged with Profiles lighting and Profiles mirrors with optional ganging kit
- Electrical option includes two USB charging ports and one 15A, 120 VAC outlets (2 plugs)
- Includes magnetic tool holder (except 12" W electric options)
- Pair with Profiles mirror when storage is not needed and Profiles lighting to create task lighting in your styling space
- ETL-certified to UL 962, CSA Standard C22.2 No. 68

INSTALLATION

- Recessed, semirecessed or surface-mount installation (6" deep cabinets can be semirecessed by 4")
- Cabinets include hardware for recessed installation. Surface-mount and semirecessed installations require the purchase of a kit which includes the side kit as well as mounting hardware
- Recessed cabinets project $1\frac{5}{16}$ " from wall and must be recessed no less than $3\frac{3}{4}$ " deep
- For ganging with Profiles lighting or Profiles mirrors, a ganging kit is needed to ensure flush alignment
- Optional MGKIT includes hardware to gang both sides of a cabinet. For example, three cabinets or two cabinets and three lights can be ganged together from one MGKIT

1 | AiO® 30" x 30" x 4" two door lighted medicine cabinet with LUM™ LED Lighting at 4000 kelvin temperature, dimmable, OM® Audio, interior lighting, electrical outlet, USB charging ports and magnetic storage strip

AIO[®] LIGHTED MEDICINE CABINET

Meet the cabinet with everything. A combination of innovation and convenience, AiO cabinets provide a solution for all your styling needs. Use *Bluetooth*[®] connectivity to listen to your favorite music, control task lighting with a dimmer, charge your mobile devices with integrated USB ports and more.

FEATURES & BENEFITS

- OM[®] Audio: built-in speakers with *Bluetooth* connectivity supports most Android and iOS devices. Volume controlled by device
- LUM[™] Lighting: integrated dimmable LED lights and one-touch lighting control with capacitive-touch switch built into the mirror
- Choose between warm, relaxing tones (2700K) that replicate indoor lighting or cool, invigorating tones (4000K), which simulate bright daylight
- Remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection
- Light direction and output eliminates dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting lets you select the ideal brightness for any task
- Interior illumination with LED lighting built into the cabinet door
- Includes magnetic tool holder for small tools like tweezers and scissors
- Includes two USB charging ports and one 15A, 120 VAC outlets (2 plugs) for single-door and four 120 VAC outlets (4 plugs) for two-door
- Includes compact adjustable magnifying mirror (CAMM) with 5x magnification that sits on the magnetic strip in your cabinet or along the inside of the door so you can see yourself close-up
- ETL-certified to UL 962, CSA Standard C22.2 No. 68
- Options include safety lock box, entice magnification mirror, magnification mirrors, glass bins, razor/phone holder, accessory tray, surface-mount kit and ganging kit

AiO[®]

LIGHTED MEDICINE CABINET

The AiO Collection merges minimalist design with Roborn's most innovative features—like LUM™ Lighting, OM® Audio technology, magnetic storage and integrated USB and electrical outlets—to transform your everyday routine into an unexpected experience.

AiO lighted medicine cabinets merge sleek design with state-of-the-art features to enhance your routine.

TWO COLOR TEMPERATURES NEW

- Warm White LED Lighting—warm, relaxing tones (2700K) replicate indoor light
- Cool White LED Lighting—cool, invigorating tones (4000K) simulate bright daylight

QUALITY OF LIGHT

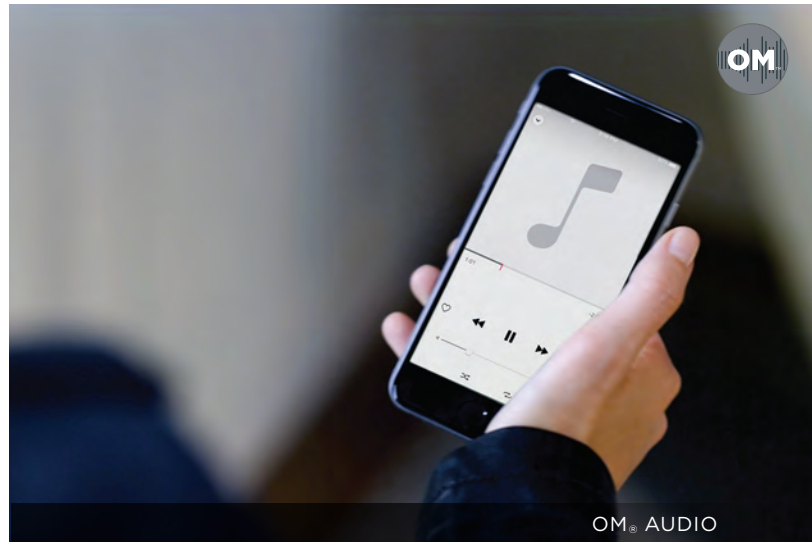

LUM LIGHTING

QUALITY OF LIGHT

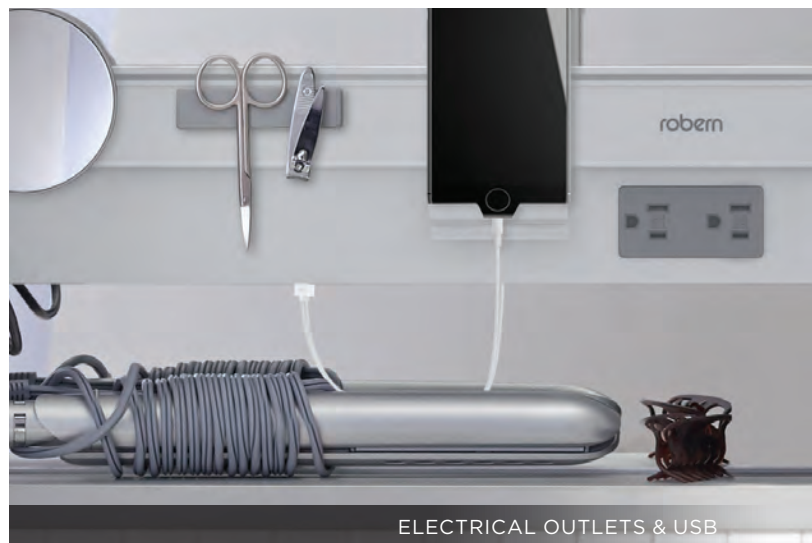

- Color rendering index (CRI) offers remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection
- The right light is achieved by a combination of high-lumen output and proper placement in relation to the face and body
 - Eliminates dark shadows
 - Provides bright, even task lighting

LUM LIGHTING

The capacitive-touch dimming switch controls the LEDs from the mirror itself.

OM AUDIO

ELECTRICAL OUTLETS & USB

OM AUDIO

Turn your mirror into a personal audio system. Unlike traditional speakers that provide unidirectional sound, OM Audio technology lets your music resonate through the entire mirror, creating a richer, fuller audio experience. Connect your mobile device using *Bluetooth*[®] wireless technology to listen to your favorite music tracks.

ELECTRICAL OUTLETS & USB

Power when and where you need it most, with the added benefit of integrated USB ports to conveniently charge your mobile and media devices.

The *Bluetooth* word mark and logos are registered trademarks owned by the Bluetooth SIG, Inc., and any use of such marks by Robern is under license. Other trademarks and trade names are those of their respective owners.

UPLIFT[®]

MEDICINE CABINET

Designed to add a “wow factor” in your bathroom, the Uplift medicine cabinet has a door that slides straight up rather than swinging out. Along with its unexpected design, the Uplift cabinet offers a number of premium features including integrated electrical outlets, a night light and defogger.

FEATURES & BENEFITS

- Unique vertically opening, no-swing door allows for unobstructed installations
- Position-hold door-opening mechanism lets you open the door as low or as high as you need
- Aluminum handle for effortless two-finger lifting
- Meets ADA requirements for door opening force for sliding doors
- Installed as a single unit or ganged together for a multiple cabinet installation
- Auto-on high-power, low-wattage LED interior lighting
- 2725 cubic inches (44,655 cc) storage capacity for a 30" cabinet with split compartment for maximum flexibility
- Discreet wiring enclosure for clutter-free cable management
- Electrical column with six 1500 W, 120 VAC, 15A power outlets
- ETL-certified to UL 962, CSA Standard C22.2 No. 68

INSTALLATION

- Recessed, semirecessed or surface-mount installation
- Cabinets include hardware for recessed installation
- Aluminum top and bottom kit for surface-mount installations is required when top or bottom is visible

Room Designer: John Lum Architecture

M SERIES

MEDICINE CABINET

Introducing the most diverse cabinet line in the market. Marrying a luxurious medicine cabinet design with enhanced experiences, the M Series Collection is rich with possibilities for technology, style and storage.

FEATURES & BENEFITS

- Most feature-rich cabinet on the market
- Flat top available in $\frac{3}{4}$ " bevel- or polished-edge mirror door
- Arch top in $\frac{3}{4}$ " bevel-edge mirror door
- Sensor-controlled interior LED light (E2, E4)
- Programmable night light (E4)
- Built-in mirror defogger prevents steaming. Turn on with a push of a button and built with a 45-minute timer (E4)
- Electrical option includes one USB charging port and one 15A, 120 VAC outlets (2 plugs)
- 8" deep, 70" H cabinets include chrome wire basket
- Includes magnetic tool holder (except 12" W electric options), razor/phone holder and three-tier tray
- ETL-certified to UL 962, CSA Standard C22.2 No. 68

INSTALLATION

- Recessed, semirecessed or surface-mount installation (6" and 8" deep cabinets can be semirecessed by 4")
- Cabinets include hardware for recessed installation. Surface-mount and semirecessed installations require the purchase of a kit which includes the side kit as well as mounting hardware
- Recessed cabinets project $\frac{7}{8}$ " from wall and must be recessed no less than $3\frac{3}{4}$ "
- When ganging two or more 70" H full-length cabinets, the use of a MHANDLEKIT or MPUSHKIT on one cabinet is required
- MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets can be ganged together from one MGKIT

DIMENSIONS & WEIGHT RANGE

Width	12", 16", 20", 24"
Height	30", 40", 70"
Depth	4", 6", 8"
Net Weight	26-165 lb

M SERIES

MEDICINE CABINET

INTEGRATED ELECTRICITY AND USB

Power frequently used items such as electric razors, toothbrushes and hair dryers using one of two outlets mounted inside the cabinet. The USB port charges your mobile device nearby.

PROGRAMMABLE NIGHT LIGHT

Program the external LED to automatically provide nighttime illumination in 12-hour increments.

MIRROR DEFOGGER

Prevent steamy reflections with a timer-enabled electronic defogger. The illuminated, door-mounted on/off switch allows for one-touch control.

MAGNETIC ORGANIZATION

Keep small metal implements neatly arranged and close at hand on the self-mounted magnetic strip. Included with all cabinets, except for 12" width electric model.

ORGANIZATION SHELVES

A dedicated razor holder and adjustable shelves house small items such as eyeglasses, contact lens cases and cosmetics.

2 | Main Line™ 3 1/8" x 10 1/4" x 3 3/4" sconce in Chrome

R³ SERIES MEDICINE CABINET

Revitalize your bathroom with R³ medicine cabinets. Designed to quickly and seamlessly replace old medicine cabinets, R³ cabinets are an easy upgrade that will elevate your grooming experience and provide convenient bathroom storage.

FEATURES & BENEFITS

- Ideal for remodeling: features 1" (25 mm) flange to hide gaps, paint lines or any wall imperfections
- Slow-close functionality
- Clean interior due to cantilever glass shelving that move at ½" increments
- Thin door and off-set hinge allow for more storage than any cabinet of similar size
- Three mirror design—rear of cabinet and both sides of door
- 108-degree in-set adjustable hinge system
- Low-profile laminated door design

INSTALLATION

- Recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount installations require the purchase of a surface-mount kit which includes the side kit as well as mounting hardware.
- Reversible/non-handed cabinets can be installed with left or right opening. Left or Right = hinge side when facing cabinet
- Recessed cabinets project 1" from wall

MAIN LINE™ MEDICINE CABINET

FRAME OPTIONS

Bryn Mawr Frame Style

These cabinets feature a wide bevel reminiscent of a gallery frame.

Rosemont Frame Style

These cabinets feature a slim, multilayered bevel frame adding depth to any design.

Merion Frame Style

These cabinets are inspired by the sleek sophistication of the 1930s with clean lines, which lend an air of chic refinement.

Penn Valley Frame Style

These cabinets capture the transitional element by offering clean design and bevel to bring dimension to your room.

ELECTRICAL OUTLET

In-cabinet outlet provides 120-volt power for items such as electric razors and toothbrushes. Electrical option includes one 15A 120 VAC duplex outlet.

PROFILES™ LIGHTING

Wherever you start your day, high-quality task lighting can make all the difference. Profiles lighting offers remarkably accurate color rendering; adjustable color temperature and bright, consistent output that eliminates harsh shadows on the face—so you see your truest reflection, every time.

FEATURES & BENEFITS

- Create a coordinated ensemble by pairing with Profiles medicine cabinets, Profiles mirrors and Profiles vanities
- Modular vertical lighting can be ganged with Profiles medicine cabinets and Profiles mirrors
- Choose between warm, relaxing tones (2700K) that replicate indoor lighting and cool, invigorating tones (4000K), which simulate bright daylight, or choose variable lighting that lets you fine-tune your color temperature between warm (2700K) and cool (5600K) light with the use of dimmers
- Remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection with the use of dimmers
- Light direction and output eliminate dark shadows; provide bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting to 1% lets you select the ideal brightness for any task, using a standard residential dimmer that works with your home's existing wiring
- ETL-listed for damp locations: UL 1598 CSA Standard C22.2 No. 250.0

INSTALLATION

- Sold as a single unit (not as pairs)
- Fixture adds 3½" or 5" per light to the overall rough-in width
- Can be recessed or surface-mounted with 4"-deep (D4) cabinets (D4 surface-mount kit required) and fully recessed with 6"-deep (D6) cabinets
- Ganging kit required if used to mount with multiple cabinets or mirrors, light comes with ganging hardware on one side

DIMENSIONS & WEIGHT RANGE

Width	3½", 5"
Height	30", 40"
Depth	4⅝" surface-mount; ⅞" when recessed

PROFILES™ & INLINE LIGHTING

TUNABLE WHITE

Choose between warm, relaxing tones (2700K, 3000K) that replicate indoor lighting and cool, invigorating tones (4000K), which simulate bright daylight, or choose variable lighting option which features tuning technology that allows you to fine-tune your lighting temperature from 2700K to 5600K for Profiles and 3000K to 4000K for InLine with the use of dimmers.

LED COLOR TEMPERATURE (KELVIN)

Four options help you set your perfect tone.

QUALITY OF LIGHT

The right light is achieved by a combination of high lumen output and proper placement in relation to the face and body. Profiles and InLine lighting have been carefully designed to enable you to see yourself in the best light:

- Eliminate dark shadows
- Experience bright, even task lighting
- See rich, saturated tone in your reflection
- Be confident that lighting stays consistent, even for close-up tasks

Eliminate the harsh shadows caused by ordinary lighting.

Bright, consistent output lets you see yourself in the best light.

COLOR RENDERING INDEX (CRI)

Both Profiles and InLine Lighting offer remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection.

PERFECT PAIRINGS

Perfect Pairings can happen with Profiles™ Lighting, Mirrors and Cabinets.

InLine Lighting can work with M Series or PL Series cabinets. Designed to be paired together to create a flush and continuous form, each combination can be configured in multiple ways to best fit your space and needs. Both Profiles Lighting and Inline Lighting are available in 30" and 40" heights.

1 | 1.5 Series 1½" x 40" vertical lighting with dimmable light, acrylic shade and Chrome end caps 2 | M Series 24" x 40" x 4" medicine cabinet with electric, night light and defogger

Room Designer: Rasmussen/Su

1.5 SERIES

LIGHTING

With a sleek style and a modular design, 1.5 Series lighting simplifies the styling experience.

FEATURES & BENEFITS

- A choice between glass or acrylic lens
- Endcaps are available in Chrome, Brushed Nickel, White or Black
- Dimmable or nondimmable ballast options
- Includes 3000K T8, color-corrected bulb for optimal task lighting
- Works with surface-mount or recessed applications
- Title 24 California energy code-compliant
- UL-listed for damp locations

INSTALLATION

- Two lights per kit includes 3,000K T8 color-corrected bulb, dimmable or nondimmable electronic ballast and choice of glass or acrylic shade and endcap finishes
- Dimmable bulbs carry a lifetime bulb-replacement warranty
- Not available as a half kit. Two fixtures required for installation
- Single light is 1½" W. Light kit adds 3" to overall width of installation. Include this in rough-opening calculation
- Recommended dimmer: Lightolier - Sunrise Series, model #ZP600-EB or Lutron model #DVFTU-5A3P (four sets of lights can go on one dimmer). Light uses the advanced Mark X ballast
- 40" H = 25 W each bulb; 30" H = 17 W each bulb
- Ganging kit required if used to mount with multiple cabinets
- The master-to-remote cable is included with the fixture, but is sold separately for rough-in

1 | Eyezon® 20" x 3" x 2³/₈" top-mount lighting with night light **2** | M Series 20" x 40" x 6" semirecessed medicine cabinet with electric, night light and defogger

EYEZON[®]

LIGHTING

Eyezon lights are subtle in appearance yet precise in illumination.

FEATURES & BENEFITS

- 3500K top light ensures optimal illumination for grooming
- Complements M Series, PL Series and R³ Series cabinets
- Highly efficient 2G11 fluorescent bulb included
- Optional night light helps guide you in the dark
- Can be installed with surface-mounted, recessed or semirecessed cabinets
- Title 24 California energy code-compliant
- ETL-listed for damp locations

INSTALLATION

- All top lights are for flat-top cabinets only
- Night light is controlled by wall switch
- Line voltage fixture uses one 2G11 24 W (for 16") or 36 W (for 20" and 24") 3500K twin-tube fluorescent bulb per fixture. Bulb is included

MTL 20" x 3" x 3" top-mount lighting in Silver
with four bulbs

MTL LIGHTING

These top-mount lights work well to accommodate any style preference and practical need.

FEATURES & BENEFITS

- Available with Silver, White or Black accents as incandescent configurations
- Compatible with M Series and PL Series cabinets
- Available for 4"-deep surface-mount, 8"-deep semirecessed applications and fully recessed cabinets
- UL-listed for damp locations

INSTALLATION

- Lights are for 4"-deep surface-mounted or recessed cabinets only
- All top lights are for flat-top cabinets only
- Lights include side kits for surface-mount installation
- Aluminum housing for lights coordinates with exterior color
- Line voltage fixture for incandescent top lights uses G-16 ½" candelabra base bulbs, 15 W to 40 W (model #BULBCAN25 or 25F). Bulbs not included

DIMENSIONS & WEIGHT RANGE

Width	15¼", 19¼", 23¼"
Height	3"
Net Weight	3-4 lb

EXPERIENCE ENHANCERS™

DEFOGGER

With the mirror defogger feature, the temperature rises above the dew point to keep condensation from forming a barrier of fog between you and your reflection.

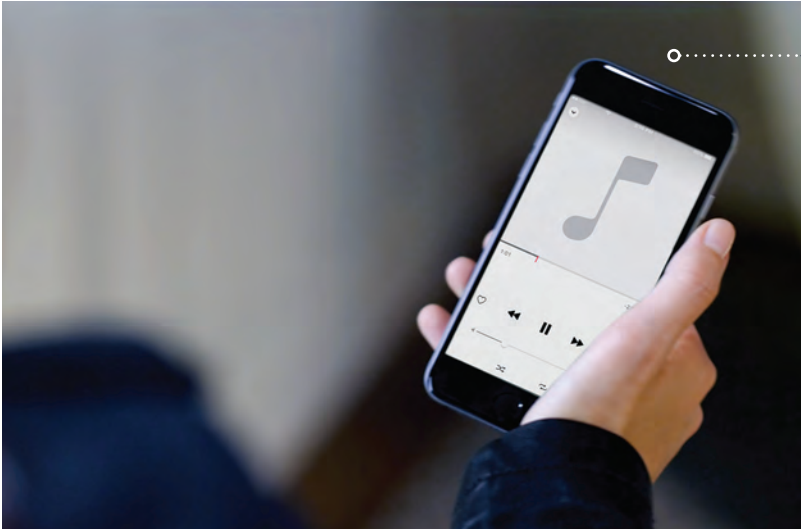

QUALITY OF LIGHT

Discover how quality task lighting can transform your routine. The Robern® Lighted Collections offer the best LED lighting output in its class—bright enough for precise tasks, dimmable for a relaxing bath, with precise color rendering and an even, consistent glow.

Experience is at the forefront of everything we produce. Whether it's in our tunable lighting, one-touch mirror control or OM[®] Audio technology, we believe in pushing the boundaries of design to provide the most exceptional styling experiences possible.

OM AUDIO

Embedded in the AiO[®] wall mirror and cabinet are invisible speakers, a sound source with high-quality resonance you can feel but can't see. Available with high-fidelity audio enabled with *Bluetooth*[®] wireless technology that allows you to connect with your wireless devices.

The *Bluetooth* word mark and logos are registered trademarks owned by the Bluetooth SIG, Inc., and any use of such marks by Robern is under license. Other trademarks and trade names are those of their respective owners.

TUNING BY ROBERN

Whether you want to simulate daylight or bring more dimension to your bathroom decor, light-tuning technology allows you to change your lighting temperature from 2700K to 5600K.

LUM[™] LIGHTING

LUM Lighting includes an integrated LED light, engine and dimmer that provide high-efficiency illumination at a bright and beautiful 2700K or 4000K color temperature. The capacitive-touch dimming switch controls the LED from the mirror itself.
