SPECIFICATIONS

Oatey Light Angled Wall Bracket Kits include an in-wall bracket with stub-out clamps to support vertical piping and horizontal stub-outs within the wall. Designed to accommodate different stud spacing, the brackets are easy to install and feature four mounting points for added stability. Made of durable steel, these brackets feature a hole pattern that allows for adjustable stub-outs every 2 inches, plus or minus every 1/2 inch. The kits include 1 light angled wall bracket; 2 stub-out clamps with screw; and 2 grommets.
