Renowned designer Michael Berman created his American Moderne collection exclusively for ROHL®. In an exciting contrast to other ROHL® collections emphasizing European style, this collection celebrates a glamorous age in American culture. American Moderne is a transitional style combining modern elements with those from the era when transatlantic ocean liners and transcontinental train travel were in their heyday, and Hollywood was in its prime. The Graceline® Series, reflects Berman's appreciation for streamlined design, featuring sleek lines and industrial details. Its name is inspired by the luxury ocean liners of the 20's and 30's, once considered the epitome of transatlantic travel. Graceline® – the perfect blend of glam with industrial marvel!
