

Shown with:  
Culinario Stainless Steel Sink

### Available finishes

Individual finish options vary by product. Consult your local showroom for availability.

Influenced by the Industrial Chic Movement, the Lux™ Collection combines the perfect mix of beauty and brawn. Drawing from early 19th century stainless steel kitchens in fishmongers and butchery packing houses, the faucets have an unfettered, hardworking style. The Lux™ Collection offers a full range of Pull-Down Faucets that replicate the look of a professional kitchen. Tall, sleek and sophisticated – each are statement makers.
