

SHOWER TREE ASSEMBLY KIT - F1960

» 693 series

Shower-Up™

SPECIFICATION

Sioux Chief 693 Series shower assembly products shall be used where necessary in hot and cold water supply systems. Shower assembly products shall allow for fluid communication between the hot water and cold water line to the shower valve as well as the shower riser and tub spout stub out. 693 Shower-Up products shall come with bracketing solutions for the riser and for support of shower valve inlets. Preformed copper components shall have inlets and outlets made to ASTM standards.

MATERIALS

Copper: Type L
 Bracket: Galvanized steel
 Bracket Support: ABS
 Screws: #8x1" wood screw
 Inlet/Outlet Connection: Brass or preformed copper

CERTIFICATIONS

No Lead: The wetted surface lead content of each component complies with NSF-61 and AB1953.
