TAKE THE FIELD.

Specs

Size	Diameter	Max Test Pressure *
1½"	2⅛"	40 PSI
2"	2⅝"	40 PSI
3"	3¾"	25 PSI
4"	4¾"	25 PSI

Be sure to cut pipe as squarely as possible. Install with appropriate primer/cleaner and solvent cement per manufacturer's instructions. Allow specified amount of time for cement to cure before pressure test.
