Professional Grade Basins & Accessories Catalog

Standard Terms and Conditions of Sale

General

All sales and transactions are subject to Topp Industries' "Standard Terms and Conditions of Sale" unless otherwise stated in a sales contract.

Prices

All prices are subject to change without notice and are subject to any increases that may be in effect on the date of shipment. Prices are F.O.B. Rochester, Indiana 46975, unless otherwise stated in the sales contract.

Payment Terms: Terms and conditions of payment will show on invoices at the time of shipment or as may be otherwise stated in writing by an officer of Topp Industries, Inc. Topp Industries, Inc. reserves the right to add a finance charge on all past due accounts. If a finance charge is added, it will be at the rate of 1½% monthly, 18% annually.

Orders: All orders taken by Topp Industries, Inc. representatives are subject to acceptance and approval by Topp Industries, Inc. in Rochester, Indiana. Orders entered directly to Topp Industries, Inc. are subject to the same acceptance and approval. Orders that include "custom" specifications must have all specifications provided in writing at the time the order is entered.

Packaging

Equipment will be packaged or boxed in accordance with Topp Industries, Inc. standard policies and in such a way as to protect the equipment during shipment. Any "special" packaging requests can be made directly to Topp Industries, Inc. and may or may not require an additional charge.

Freight & Shipment Policy

Promised ship dates are approximate and in no way affect the terms of sale unless otherwise stated in writing by an officer of Topp Industries, Inc. Requests for specific shipping methods or carriers can be made directly to Topp Industries, Inc. on collect shipments. On full freight allowed shipments Topp Industries, Inc. reserves the right to choose shipping methods and carriers.

Warranty

See limited warranty (inside back cover of this catalog).

Claims

No claims for allowances shall be considered unless presented immediately upon the receipt of goods; nor will Topp Industries, Inc. be held responsible for breakage or shortage after equipment is delivered and accepted by the carrier. All claims are subject to the terms and conditions of the Topp Industries, Inc. limited warranty.

Returns

Equipment can be returned for credit only after receiving written authorization and RGA number (return goods authorization number) from Topp Industries, Inc. All equipment must carry the RGA number to be accepted by Topp Industries, Inc. All returned equipment is subject to a restocking fee. "Custom" orders or stock equipment that has been modified (e.g. inlet hole cut) cannot be returned.

New Evolution E-Series Basins

The all new Evolution E-Series Structural Foam Basin is engineered to incorporate the ultimate blend of value and improved design features into a single platform. The result is a feature rich premium structural foam basin available in diameters up to 30", with a cost base that is more often associated with a standard single wall poly basin of similar size. New E-Series Structural Foam covers are also available up to 24" diameter in addition to Topp standard epoxy coated steel and Non-Skid Fiberglass covers.

Join the new Evolution today!

Evolution Series E-Series Features Include:

- 180° flat pockets for positive grommet seal
- Self-tapping hardware – no inserts to corrode or protect
- No external stacking ribs to interfere if using external filtration
- All covers gas and odor tight with included gasket kit
- Approved for use in radon mitigation applications
- Improved design provides increased structural integrity with less material for improved value and ease of handling
- Accommodates 4" composite inlet hubs

◆ (2) 5" ID holes drilled 8½" down CL – 180° apart ▲ (2) 5" ID holes drilled 10½" down CL – 180° apart

New Evolution E-Series Covers

New E-Series Structural Foam covers are also available up to 24" diameter in addition to Topp standard epoxy coated steel and Non-Skid Fiberglass covers.

Description	Part No.	Price
Basin Covers & Accessories		
SumpMaster Fully-automatic auxiliary power source for residential flood control. Designed with the homeowner in mind. Installs in minutes with no modifications or piping changes. The SUMPMASTER will power your existing sump pump in an outage. Engineered to work with any new or existing 115V sump pump up to ½ H.P. The SUMPMASTER takes D.C. battery power and converts it to 115 VAC power (when standard power fails or is not available).	SumpMaster, the fully automatic charging system. UL Listed & CUL (Canada)	SUMPMASTER	Contact Topp for Price
High Water Alarms This alarm is constructed of a non-metallic enclosure and safe 9-volt operation through use of a 120 volt-to-9 volt transformer. Quick push tab connectors allow time saving float switch installation. The power monitor lamp will go out if power to the system fails also sounding the 85db solid tone to alert you to the problem. Metallic enclosure is designed for sump & sewage basins, septic tanks, dosing, & storage tanks. Quick push tab connectors allow time saving float switch installation. Supplied with mini 15 ft. float, additional 5 ft. lengths available. UL & CUL Listed.	Nema 1 Indoor Alarm w/10 ft. Mini Mercury Float	HWA100	
	Nema 1 Indoor Alarm w/15 ft. Mini Mercury Float	HWA125	
Rubber Sleeve Full Flow Swing Check Valves Full flow check valves were engineered to increase performance and for installation ease.	1¼" to 1½" Combination Full Flow Rubber Sleeve Check Valve	CVSUMPR	
	2" Full Flow Rubber Sleeve Check Valve	CV200R	
Compression Nut PVC Swing Check Valves Easy installation and removal with compression seal connections.	1¼" to 1½" Combination Compression Nut PVC Swing Check Valve	CVSUMPC	
	2" Compression Nut PVC Swing Check Valve	CV200C	
Solvent Weld PVC Check Valve Full flow design. No metallic parts, corrosion resistant. Angle seat and weighted flapper design for low pressure seal. Ideal for close working areas, easy pipe alignment. Designed for both horizontal and vertical usage.	Tru-Union Solvent Weld PVC Check Valve	CV200TU	
2" Ball/Check Valve Combination One-piece ball/check valve combination with a true union design allows removal of check valve for cleaning or repairs.	2 Ball/Check Valve Combination	BCX-2000-S

Designed to fit new and retrofit older concrete septic tanks

TOPP corrosion-resistant polyethylene septic tank risers eliminate the need to cut tubing from awkward lengths. Risers are available in 24" and 6" heights for bolt-on or concrete cast-in work. 6-inch extensions are also available. Risers and extensions are lightweight and UPS shippable. Our popular fiberglass cover securely fits TOPP poly risers and extensions. Don't sell yourself, your workers, or your customers short. Ask about our riser and extension design features. Save time, money and productivity.

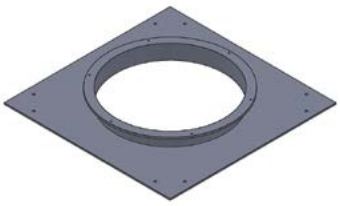
		Riser Cover includes: Stainless steel hex head bolts, washers, nuts and (1 roll) Butyl Gasket Material		
	**Polyethylene Septic Riser Gasket Pack** For installation for retrofit of polyethylene riser.	Gasket Pack for retrofitting our Polyethylene Septic Riser to a concrete septic tank	GPSR	
		Gasket Pack Kit includes: (10) Concrete Anchors, Nuts, and Washers and (1 roll) Butyl Gasket Material		
	Gasket Pack for Fiberglass Septic Riser Cover	Gasket Pack for Non-Skid Solid Fiberglass Septic Riser Cover	GP25WFNS	
		Gasket Pack Kit includes: (4) 14x1" stainless steel, tamper-proof, flush-mount lag bolts, (1) 3/16" hex head driver, (1) Gasket Material installed.		
		*With Hardware and Sealing Material		

Septic Risers, Covers & Accessories



Fiberglass Septic Riser System

Septic Adapter Plates for Fiberglass System

Heavy-duty fiberglass plate designed to convert a square tank opening to a round opening. Comes with a 6" riser. Compatible with our fiberglass septic risers & extensions.

Description	Part No.	Price
Fiberglass Septic Adapter Plate for 18" openings	SAP18F	Contact Topp for Price
Fiberglass Septic Adapter Plate for 24" openings	SAP24F	
Fiberglass Septic Adapter Plate for 30" openings	SAP30F	
Fiberglass Septic Adapter Plate for 36" openings	SAP36F	
Fiberglass Septic Adapter Plate for 48" openings	SAP48F	

Fiberglass Septic Extensions

Filament-wound reinforced fiberglass risers that easily connect to our Septic Adapter Plates or our Fiberglass Septic Extensions.

Standard heights are listed. Call our Customer Service Department for custom heights.

Fiberglass Septic Riser with 18" opening	12" height	FSR18x12
	18" height	FSR18x18
	24" height	FSR18x24

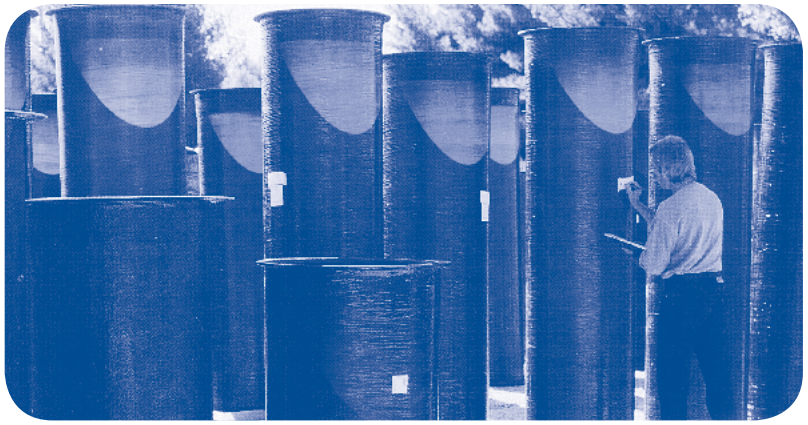
Fiberglass Basins & Covers

18" Inside Diameter Basins

Manufactured to ASTM D3753, one-piece tanks as deep as 35 ft.

TOPP fiberglass basins are made with the highest quality material and testing standards currently in the market. Our chop-hoop filament wound tanks are available in 18", 24", 30", 36", 42", 48", 60", 72", 96" and 120". TOPP also offers Triple Garage Systems designed to help garage areas and other facilities handle the volatile wastes they generate.



Basins, Covers & Extensions

- Basins and extensions available in 18", 24", 30", 36", 42", 48", 60", 72", 96" and 120" inside diameters
- Various one-piece lengths available up to 35 ft.
- Consult our factory directly for depths longer than 35 ft.
- Sealing kit included with covers and extensions
- Extensions use the same manufacturing process as our fiberglass basins

Premium Fiberglass Basins

Vinyl Ester Premium Series

Topp Industries introduces Corrosion Resistant and High Temperature Fiberglass basins. Utilizing Vinyl Ester Resin, we can assist with engineering a specific tank for your chemical resistant and high temperature applications.

Topp Industries has experienced individuals on staff to help determine your Vinyl Ester needs or help design a complete package station or custom application. Contact the Topp team with the following information and we will be able to provide the appropriate resin for your application.

- All chemicals to which the basin will be exposed
- Normal operating concentrations of chemicals, maximum and minimums (including trace amounts)
- Operating temperature, include minimum and maximum

Fiberglass Triple Garage Systems

18", 24" & 30" Inside Diameter Basins

Designed to help garage areas & other facilities handle the volatile wastes they generate

Installation of a TOPP triple garage basin system reduces the possibility of volatile wastes entering the sewer system where they could potentially explode. The volatile wastes, which are lighter than water, are separated as they pass through the system of baffles and rise to the surface. At the surface, the volatile wastes can safely evaporate and the fumes can be vented into the atmosphere. The balance of the waste matter can then safely enter the sewer system.

Rectangular Valve Vaults, Extensions & Covers

Durable, Non-Corrosive & Lightweight Poly

Description	Part No.	Price
Poly Rectangular Valve Vaults, Extensions & Covers		
 Constructed of durable, non-corrosive polyethylene. Offers lightweight construction for easy installation and reduced freight costs. Extremely cost competitive compared to fiberglass or concrete valve vaults. Available with or without discharge piping and valves. Optional 18" extension available for applications requiring a discharge depth of 36" down to centerline.		Contact Topp for Price
30" Wide x 29" Long x 26" Deep Poly Rectangular Valve Box	PRVB30X29X26

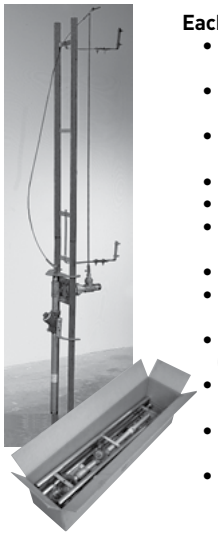
Stainless Steel (SGR) Guiderail Kits

Description	Part No.	Price
Stainless Steel Guiderail Kit		



Each Kit Contains:
- 1½" OD (1¼" NPT) or (2" NPT), 16 Gauge 304 Stainless Steel Guiderail
- Discharge Location 3 feet up from the Fiberglass Basin Floor
- Stainless Steel Guiderail Cross Braces, Mounting Plate and Foot Plate
- SGR Guiderail Connector
- Stainless Steel Adjustable Wall Bracket
- 1¼" or 2" Brass or Stainless Steel Quick Disconnect
- Cast Iron Ball Check Valve
- Galvanized or Stainless Steel Vertical Pipe Nipples
- Stainless Steel Upper and Lower Pump Guiderail Brackets
- 3/16" 7 x19 304 Stainless Steel Lifting Cable (minimum 3,700 lb break strength)
- 3/8" 304 Stainless Steel Valve Extension Handle
- Assembled and Welded Construction, Boxed and Ready for UPS Shipment

1¼" NPT Discharge, (2) 48" Sections, 1½" OD Stainless Steel Guiderail w/Brass Quick Disconnect	SGR125-48/48	Contact Topp for Price

Freeflo™ Base Elbow Rail System Components

Built to meet the engineered standards of municipal wastewater stations

Freeflo™ Base Elbow Rail Systems are designed to configure with most vertical and horizontal submersible pumps in the market today. Systems feature durable iron construction, powder coating for corrosion resistance and compact design for easy installation.

Freeflo™ Base Elbow Rail System Accessories

- Stainless steel or galvanized upper guide rail brackets.
- Stainless steel intermediate guide rail brackets for ¾", 1", 1-1/4" or 2" rails.
- Replacement pull-out flanges for all base elbow rail systems.
- 2-piece ring and flange assembly.
- Specialty pump adapter flanges for Barnes™ SGV and Hydromatic® HPG pumps.
- Flange gasket kits for inlet or discharge of 3".
- Alternate sealing rings for 4" and 6" base elbows.

SFB42X168F-1P	42X168 Fiberglass Basin, With Fiberglass Anti-float	1008	810	
SFB42X180F-1P	42X180 Fiberglass Basin, With Fiberglass Anti-float	1080	844	
SFB42X192F-1P	42X192 Fiberglass Basin, With Fiberglass Anti-float	1152	878	
SFB42X204F-1P	42X204 Fiberglass Basin, With Fiberglass Anti-float	1224	912	
SFB42X216F-1P	42X216 Fiberglass Basin, With Fiberglass Anti-float	1295	946	
SFB42X228F-1P	42X218 Fiberglass Basin, With Fiberglass Anti-float	1367	979	
SFB42X240F-1P	42X240 Fiberglass Basin, With Fiberglass Anti-float	1439	1020	

Each Package System includes:

- Fiberglass Basin, with Fiberglass anti-float
- 1-1/4" NPT discharge SGR Guiderail System
- 1-1/4" simplex SCH80 PVC discharge kit and 1-1/4" stainless steel discharge coupling
- 4" inlet grommet
- 1-1/2" composite electrical coupling & Stainless Steel float bracket with (3) cord grips
- 2" composite vent coupling
- Powder coated steel hatch cover, hinged & lockable

Adders	Description	List Price
C42HSA	Aluminum hatch cover, hinged & lockable	Contact Topp for Price
H403FG3672 w/H400R	4" composite hub with 4" grommet hub	
H601FG w/H600R	6" composite hub with 6" grommet hub	
H801FG	8" composite hub	
U600	6" Uniseal	
GV200S w/PF200T	2" green vent w/ SS close nipple, 2" thd. vent flange	
GV300S w/PF300T	3" green vent w/ SS close nipple, 3" thd. vent flange	
LL050	Powder coated steel mini lifting lug	
LL050SS	Stainless steel mini lifting lug	
JB4S	Nema 4X Junction Box w/(3) 1/2" and (1) 3/4" cord grips	
Encapsulated Steel Anti-float		
1-1/4" 304 stainless steel piping for basins 120" or less		
1-1/4" 304 stainless steel piping for basins 126"- 240"

DFB36X216F-1P	36X216 Fiberglass Basin, With Fiberglass Anti-float	952	842	
DFB36X228F-1P	36X228 Fiberglass Basin, With Fiberglass Anti-float	1005	876	
DFB36X240F-1P	36X240 Fiberglass Basin, With Fiberglass Anti-float	1058	911	

Each Package System includes:

- Fiberglass Basin, with Fiberglass anti-float
- 1-1/4" NPT discharge SGR Guiderail System
- 1-1/4" duplex SCH80 PVC discharge kit and 1-1/4" stainless steel discharge coupling
- 4" inlet grommet
- 2" composite electrical coupling & Stainless Steel float bracket with (4) cord grips
- 2" composite vent coupling
- Solid Fiberglass Cover

Adders	Description	List Price
C36HSS-FM	Powder-coated steel "frogmouth" hatch cover, hinged & lockable	Contact Topp for Price
C36HSA-FM	Aluminum "frogmouth" hatch cover, hinged & lockable	
H403FG3672 w/H400R	4" composite hub with 4" grommet hub	
H601FG w/H600R	6" composite hub with 6" grommet hub	
H801FG	8" composite hub

DFB48X240F-2P	48X240 Fiberglass Basin, With Fiberglass Anti-float	1880	1638	

Each Package System includes:

- Fiberglass Basin, with Fiberglass anti-float
- 2" NPT discharge SGR Guiderail System
- 2" duplex SCH80 PVC discharge kit and 2" stainless steel discharge coupling
- 4" composite hub with 4" grommet hub
- 2" composite electrical coupling & Stainless Steel float bracket with (4) cord grips
- 2" composite vent coupling
- Powder coated steel hatch cover, hinged & lockable

Adders	Description	List Price
C48HSFNST	Fiberglass hatch cover, hinged & lockable (deduct)	Contact Topp for Price
C48HSA	Aluminum hatch cover, hinged & lockable	
H601FG w/H600R	6" composite hub with 6" grommet hub	
H801FG	8" composite hub	
U600	6" Uniseal (deduct)	
GV200S w/PF200T	2" green vent w/ SS close nipple, 2" thd. vent flange	
GV300S w/PF300T	3" green vent w/ SS close nipple, 3" thd. vent flange	
LL050	Powder coated steel mini lifting lug	
LL050SS	Stainless steel mini lifting lug	
JB6S	Nema 4X Junction Box w/(4) 1/2" and (2) 3/4" cord grips	
JB8S	Nema 4X Junction Box w/(6) 1/2" and (2) 3/4" cord grips	
Encapsulated Steel Anti-float		
2" 304 stainless steel piping for basins 120" or less		
2" 304 stainless steel piping for basins 126"- 240"

FSFB48X216F-1P	48X216 Fiberglass Basin, With Fiberglass Anti-float	1692	1317	
FSFB48X228F-1P	48X228 Fiberglass Basin, With Fiberglass Anti-float	1786	1370	
FSFB48X240F-1P	48X240 Fiberglass Basin, With Fiberglass Anti-float	1880	1423	

Each Package System includes:

- Fiberglass Basin, with Fiberglass anti-float
- 1-1/4" NPT discharge FREEFLO Guiderail System, 3/4" 304 stainless steel guiderails
- 1-1/4" simplex SCH80 PVC discharge kit and 1-1/4" stainless steel discharge coupling
- 4" composite hub with 4" grommet hub
- 1-1/2" composite electrical coupling & Stainless Steel float bracket with (3) cord grips
- 2" composite vent coupling
- Powder coated steel hatch cover, hinged & lockable

Adders	Description	List Price
C48HSFNST	Fiberglass hatch cover, hinged & lockable (deduct)	Contact Topp for Price
C48HSA	Aluminum hatch cover, hinged & lockable	
H601FG w/H600R	6" composite hub with 6" grommet hub	
H801FG	8" composite hub	
U600	6" Uniseal (deduct)	
GV200S w/PF200T	2" green vent w/ SS close nipple, 2" thd. vent flange

FSFB48X240F-3P	48X240 Fiberglass Basin, With Fiberglass Anti-float	1880	1683	

Each Package System includes:

- Fiberglass Basin, with Fiberglass anti-float
- 3" NPT discharge FREEFLO Guiderail System, 1-1/4" 304 stainless steel guiderails
- 3" simplex SCH80 PVC discharge kit and 3" brass valves
- 4" composite hub with 4" grommet hub
- 1-1/2" composite electrical coupling & Stainless Steel float bracket with (3) cord grips
- 2" composite vent coupling
- Powder coated steel hatch cover, hinged & lockable

FDFB36X168F-2P	36X168 Fiberglass Basin, With Fiberglass Anti-float	740	1007	
FDFB36X180F-2P	36X180 Fiberglass Basin, With Fiberglass Anti-float	793	1031	
FDFB36X192F-2P	36X192 Fiberglass Basin, With Fiberglass Anti-float	876	1055	
FDFB36X204F-2P	36X204 Fiberglass Basin, With Fiberglass Anti-float	899	1078	
FDFB36X216F-2P	36X216 Fiberglass Basin, With Fiberglass Anti-float	952	1102	
FDFB36X228F-2P	36X228 Fiberglass Basin, With Fiberglass Anti-float	1005	1136	
FDFB36X240F-2P	36X240 Fiberglass Basin, With Fiberglass Anti-float	1058	1171	

Each Package System includes:

- Fiberglass Basin, with Fiberglass anti-float
- 2" NPT discharge FREEFLO Guiderail System, 3/4" 304 stainless steel guiderails
- 2" duplex SCH80 PVC discharge kit and 2" stainless steel discharge coupling
- 4" inlet grommet
- 2" composite electrical coupling & Stainless Steel float bracket with (4) cord grips
- 2" composite vent coupling
- Solid Fiberglass Cover

FDFB60X144F-3P	60X144 Fiberglass Basin, With Fiberglass Anti-float	1763	2405	
FDFB60X156F-3P	60X156 Fiberglass Basin, With Fiberglass Anti-float	1909	2480	
FDFB60X168F-3P	60X168 Fiberglass Basin, With Fiberglass Anti-float	2056	2555	
FDFB60X180F-3P	60X180 Fiberglass Basin, With Fiberglass Anti-float	2203	2630	
FDFB60X192F-3P	60X192 Fiberglass Basin, With Fiberglass Anti-float	2350	2705	
FDFB60X204F-3P	60X204 Fiberglass Basin, With Fiberglass Anti-float	2497	2780	
FDFB60X216F-3P	60X216 Fiberglass Basin, With Fiberglass Anti-float	2644	2859	
FDFB60X228F-3P	60X228 Fiberglass Basin, With Fiberglass Anti-float	2791	2943	
FDFB60X240F-3P	60X240 Fiberglass Basin, With Fiberglass Anti-float	2938	3027	

Each Package System includes:

- Fiberglass Basin, with Fiberglass anti-float
- 3" NPT discharge FREEFLO Guiderail System, 1-1/4" 304 stainless steel guiderails
- 3" duplex SCH80 PVC discharge kit and 3" brass valves
- 4" composite hub with 4" grommet hub
- 2" composite electrical coupling & Stainless Steel float bracket with (4) cord grips
- 2" composite vent coupling
- Powder coated steel hatch cover, hinged & lockable

Adders	Description	List Price
C60HSA	Aluminum hatch cover, hinged & lockable	Contact Topp for Price
H602FG w/H600R	6" composite hub with 6" grommet hub	
H802FG	8" composite hub	
U600	6" Uniseal (deduct)	
GV200S w/PF200T	2" green vent w/ SS close nipple, 2" thd. vent flange	
GV300S w/PF300T	3" green vent w/ SS close nipple, 3" thd. vent flange	
LL050	Powder coated steel mini lifting lug	
LL050SS	Stainless steel mini lifting lug	
JB6S	Nema 4X Junction Box w/(4) 1/2" and (2) 3/4" cord grips	
JB8S	Nema 4X Junction Box w/(6) 1/2" and (2) 3/4" cord grips	
Encapsulated Steel Anti-float		

Freeflo™ Guiderail Duplex Package Systems

72" Diameter, 3" NPT Discharge

UNISEAL

UNISEAL

A Positive Pipe-to-Tank Seal for Flat or Curved Surfaces

Topp Industries has developed UNISEAL PIPE SEALS, based on the needs and demands of the industries they serve. These seals are designed for holding tanks but work well in any application where pipe penetrations are required. Perfect for hydroponic growers, pond suppliers, and reef and marine industries. UNISEAL PIPE SEALS quickly create a secure watertight seal without any adhesive, hardware or threads and can be used through the walls of any container or filter box.

A lubricant is also available to ease the installation of UNISEAL PIPE SEALS and is used to coat the interior surface of the UNISEAL PIPE SEALS and the exterior of the pipe. An adhesive for a petroleum resistant bond between the UNISEAL PIPE SEALS and fiberglass, polyethylene and metals is also offered.

Other UNISEAL PIPE SEALS applications include wastewater lift stations, valve boxes, sump risers, pump stations, dispenser pans, junction boxes cooling systems and boats.

- Models available for accommodating 3/8" piping (through 1" hole) up to 6" piping (through 7" hole)
- Easy installation
- Tough, pliable thermoplastic material
- Excellent resistance to most chemical compounds, petroleum products, methanol, ethanol and most soil compounds
- Ideal for use with PVC, galvanized steel, copper, EMT, rigid conduit, fiberglass and polyethylene pipe

Description	Part No.	Price
Pipe Seal for 3/8" Piping (.0675" OD), Through 1" Hole	U038	Contact Topp for Price
Pipe Seal for ½" Piping (.0840" OD), Through 1¼" Hole	U050	
Pipe Seal for ¾" Piping (1.050" OD), Through 1¼" Hole	U075	
Pipe Seal for 1" Piping (1.315" OD), Through 1¾" Hole	U100	
Pipe Seal for 1¼" Piping (1.660" OD), Through 2" Hole	U125	
Pipe Seal for 1½" Piping (1.900" OD), Through 2½" Hole	U150	
Pipe Seal for 2" Piping (2.375" OD), Through 3" Hole	U200	
Pipe Seal for 2" Piping (SDR35 Pipe), Through 3" Hole	U200-35	
Pipe Seal for 1¼" Piping (1.660" OD), through 3" Hole	U200-125	
Pipe Seal for 1½" Piping (1.900" OD), Through 3" Hole	U200-150	
Pipe Seal for 3" Piping (3.500" OD), Through 4" Hole	U300	
Pipe Seal for 2" Piping (2.375" OD), through 4" Hole	U320	
Pipe Seal for Piping w/a 3.900" OD, Through 5" Hole	U390	
Pipe Seal for 4" Piping (4.500" OD), Through 5" Hole	U400	
Pipe Seal for 4" x SDR35 Piping (4.330" OD),Through 5" hole	U400-35	
Pipe Seal for 3" Piping (3.500" OD), Through 5" Hole	U430	
Pipe Seal for Piping w/a 4.900" OD, Through 5½" Hole	U490	
Pipe Seal for Piping w/a 5.900" OD, Through 7" Hole	U590	
Pipe Seal for 6" Piping (6.625" OD), Through 7" Hole	U600	
Pipe Seal for 6" x SDR35 Piping (6.299" OD),Through 7" Hole	U600-35	
Electric Cord Grommet, Seals up to 3 cords Through a 2" Hole	UECG	

Limited Warranty

This limited warranty is issued by Topp Industries, Inc. to the original purchaser of its sump/sewage basins and accessories and is neither transferable to nor enforceable by any other person, corporation, entity other than the original purchaser. This limited warranty and all implied warranties are limited in duration to one (1) year from the date the sump/sewage basin and/or accessories are delivered. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

Topp Industries, Inc. warrants that the sump/sewage basin and/or accessories manufactured and assembled by it are fit for underground application against fracture and collapse under normal use and service as specified by Topp Industries, Inc.; provided however, the remedies under this warranty shall encompass only the repairing or supplying a replacement part for a defective part and Topp Industries, Inc. specifically excludes any obligation for consequential or special damages or incidental expenses for breach of this warranty or any implied warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

The conditions for application of this warranty are as follows:

1. That the sump/sewage basin be installed in a vertical position. Under no circumstances shall the bottom of the basin be installed deeper that the total depth of the basin. The basin must be installed with a minimum of 75% of the basin below finished grade.
2. That the basin be used in a wastewater/sewage application.
3. That normal use and service shall mean any application that does not exceed the conditions created by totally submerging the basin in saturated soil with a density of 120 pounds per cubic foot.
4. Backfill must be a suitable material, as defined in the Topp Industries, Inc. Installation Reference Guide, compacted to a minimum soil modulus of 700 pounds per square inch.

This limited warranty does not apply to:

1. Items warranted separately by the manufacturer thereof, including, but not limited to submersible pumps and related fittings.
2. Defects or damage attributable to abuse, misuse, neglect or accident or other casualty following shipment by Topp Industries, Inc.
3. Damages resulting from errors in design specifications provided by the purchaser or its agents.
4. Damage due to improper handling or installation.
5. Normal wear and usage, or conditions resulting from normal wear or usage.

In the event of any fractured or collapsed sump/sewage basin and/or accessory claimed to be covered by the terms of this warranty, the claimant shall notify Topp Industries, Inc. within ten (10) days of its discovery and shall give Topp Industries, Inc. the opportunity to be present, through its agents or employees, before any alteration of the products and during the removal and inspection of the basin claimed to be defective and covered by this warranty. Topp Industries, Inc. will then, in the method it determines as its sole option to be necessary, repair or correct any such defect attributable to its manufacturing or assembly of the sump/sewage basin or accessory at its own cost and expense, exclusive of freight and any transportation costs.

There are no warranties, either expressed or implied, which extend beyond the description on the face hereof. This warranty gives you specific legal rights. You may also have other legal rights which may vary from state to state.

If you are in need of any additional information or assistance relating to matters covered by this Limited Warranty, contact Topp Industries, Inc. at 800-354-4534 or 574-223-3681, fax: 574-223-6106 or e-mail: toppindustries@toppindustries.com.
