Six Ways To Complete Your Bath

1

Double Curved Shower Rods

With the Double Curved Shower Rod, you can create up to 5½" of additional elbow room in the shower while providing visual appeal and adding extra hanging space. These innovative rods are available in three of today's most popular finishes and offer an additional rod to separate the decorative shower curtain from the shower liner.

2

Pivoting Paper Holders

Look for this icon to find products with pivoting innovation!

Now there's no excuse to leave the bath tissue roll empty! Many Moen® paper holders feature an innovative, spring-free design that makes changing the roll quick and easy. Simply lift the arm, insert the new roll and set the arm back into place. The pivoting arm remains attached so there's no spring to lose and no extra parts to drop.

3

Grab Bars

Stylish grab bars like Voss™ bring safety and style to the bath in your choice of Chrome, Brushed Nickel and Oil Rubbed Bronze finishes. Even better, SecureMount™ Anchors make installation possible anywhere on the wall, with or without studs.

All of our bath accessory collections feature a towel ring, robe hook, 18" and 24" towel bars, and a paper holder. And there is so much more — hotel shelves, tank levers, mirrors and glass shelves are offered in many collections.

4 Decorative Hotel Shelves

Kingsley®, Eva® and Iso™ Decorative Hotel Shelves help create the high-end, coordinated styling of an upscale hotel while adding valuable storage space.

5 Knobs and Pulls

With our distinctive collection of knobs and pulls, you can create a perfectly matched kitchen or bath, available in an array of styles and finishes.

6 Bathroom Lighting

Lighting fixtures are available in seven of the most popular Moen® bathroom collections. All of the styles can be mounted with globes facing either up or down.

In addition to high-end style, our lighting provides installation benefits. The Quick-Connect Wiring System lets you pre-wire the light fixture to the junction box, meaning there is no need to hold the fixture up to the wall during the wiring process. Glazed sockets help ensure the socket rings install with ease. Additionally, the UL®-listed fixtures are backed by the Moen warranty and our industry-leading customer service.

Save Time With The

Pro-Fit™ Installation System

The Moen® three-step Pro-Fit Installation System is the simple most innovative way to mount bath accessories. Installation is as easy as 1-2-3.

1. DRILL IT

The innovative template has a built-in level for accurate drilling of pilot holes for both 18" and 24" towel bars or paper holders.

2. SCREW IT

Single screw mounting system uses pre-attached hollow wall anchor for a fast, solid installation.

3. CLICK IT

Locking tab clicks to hold the post firmly in place and eliminates the need for a set screw.

DRILL IT

Use the installation mounting template with built-in level.

SCREW IT

Screw in pre-attached fastener.

CLICK IT

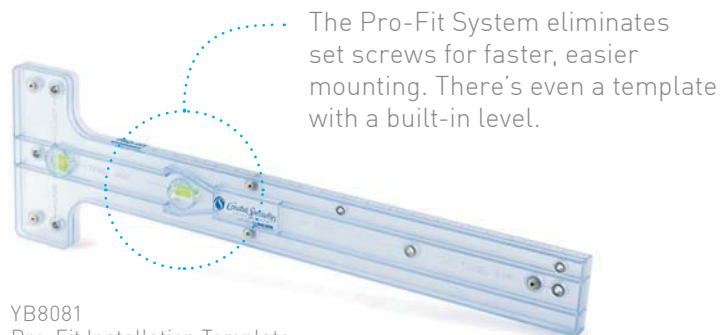

Press on the post until it locks into place.

IT REALLY IS THAT SIMPLE!

Plus, we've eliminated the set screw. Designed with input from professional installers, the Pro-Fit Installation System was made for faster installation and fewer callbacks. And of course, there's the extra assurance of quality that comes with the Moen brand.

Kitchen Compliments

Exceptional faucets are only the beginning

Who says Moen towel bars are just for the bathroom? With several faucet-matching collections featuring both kitchen and bath fixture options — such as Weymouth®, 90™, Waterhill® and more — we've made sure our accessories can also do double-duty in the kitchen.

Position a towel bar or towel ring beside the kitchen sink or on a kitchen island. Place a hook to hang potholders. Install a decorative shelf to house spices. And don't forget matching drawer knobs and pulls that help you carry the style throughout the workspace.

Kitchen Compliments is about creating a kitchen without compromise. Moen offers exceptional products that deliver all the style and functionality you need in a dream kitchen — now with the convenience of getting it all from one trusted brand. That means a guaranteed style compatibility, quality and guaranteed satisfaction.

Make Every Bath a Safe Bath™

While bath safety is often only considered for older adults, it should be for all stages of life. From babies to boomers, Moen® offers a full range of products to make baths safe and stylish.

GRAB BARS

SAFETY AND STORAGE

Soaps, shampoo and safety are all within reach. Our exclusive Shelf with Grab Bar is rated to support up to 250 lbs. as a grab bar when securely installed per instructions, but also does double duty as a convenient shelf with room to house shower essentials.

SHOWER SEATING

SITTING PRETTY

Moen seats, chairs and transfer benches make showering safer and more relaxing. Our products not only provide stability, they also offer a host of convenient features that will make every shower more pleasant, safe and enjoyable.

HANDHELD SHOWERS

PAUSE CONTROL

Water flow is reduced at the touch of a button with this handheld shower's innovative pause control feature. An easy-to-turn, oversized spray control offers shower, pulsating or massage sprays, or the water-saving pause feature.

SecureMount™ Grab Bars and SecureMount Anchors make it possible to quickly and easily install a grab bar with or without studs.

SecureMount™ SYSTEM

Easy, Secure Install...
Anywhere on the Wall™

1. SecureMount Grab Bars

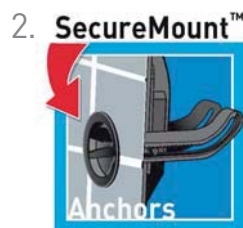

The unique flange makes it easy to connect to the stud at multiple points, at any angle!

2. SecureMount Anchors

Precision-engineered for optimal bracing behind the wall, SecureMount Anchors allow for easy grab bar installation — with no studs required — anywhere on the wall.

3. SecureMount System

The SecureMount System is the ultimate in easy, secure grab bar installation. Plus, it provides stylish designs and choices in finishes and features.

Mount securely to a variety of substrates*:

- 1/2" drywall
- 1/2" drywall with tile
- 1/2" drywall with marble
- 1/8" fiberglass tub surround

- 5/8" drywall
- 5/8" drywall with tile
- 5/8" drywall with marble
- 1/4" fiberglass tub surround

*Including multiple layers up to 1 1/2" thick

300 lb. weight capacity when securely installed per instructions. Limited Lifetime Warranty. Independently tested by CSA and NAHB laboratories to exceed ADA, ASTM, ANSI and CSA standards.

SecureMount Anchors
SMA1000

DID YOU KNOW that 16" grab bars can typically mount directly into studs because the standard stud size is 16" on center? 18", 24", 36" and 42" grab bars will often need an anchoring system when mounted into drywall, as an alternative to stud or wood-block installation.

Rothbury™ Pivoting Paper Towel Holder / YB8208

Who Knew?

Pivoting Paper Holders - Now there's no excuse to leave the bath tissue roll empty! The innovative, spring-free design makes changing the roll quick and easy. Simply lift the arm, insert the new roll and set the arm back into place. The pivoting arm remains attached so there's no spring to lose and no extra parts to drop.

List price is for each (unless otherwise noted). Product can be ordered by case quantity or individually.

Icon™

Icon proves that petite forms can inspire great design. Sleek and simple, European influences abound: unobstructed lines and thin curves make Icon accessories so eye-catching.

Lighting

Waterhill® Lighting / YB9863

Moen Lighting

Whether your tastes lean traditional, modern or somewhere in between, Moen offers a bath lighting choice that will fit your style. Our distinctive lighting options are designed to accent some of our leading faucets. With seven collections to choose from, it's never been easier to tie together the look of your bathroom. Built in the Moen tradition, our lighting offers quality, durability and style.

Finish Options

Waterhill® Bath Lighting

YB9862

Vintage and full of character, Waterhill lighting brings provincial elegance to today's more traditional homes.

See page 22 for product details.

Finish Options

90°™ Bath Lighting

YB8862

With ultra-modern styling, the 90° lighting is a study in minimalism. Geometric forms, squared corners and straight lines create an urban focal point for today's contemporary rooms.

See page 24 for product details.

Finish Options

Rothbury™ Bath Lighting

YB8262

Tailored yet relaxed, masculine yet lustrous — Rothbury lighting is an exercise in design balance. The inspiration comes from the past, but it works seamlessly with today's more casual lifestyles.

See page 28 for product details.

Finish Options

Voss™ Bath Lighting

YB5162

Crisp edges and uncomplicated style gives the Voss lighting an ageless yet fashion-forward presence for transitional style rooms.

See page 36 for product details.

Finish Options

Brantford® Bath Lighting

YB2262

With intricate architectural features that transcend time, Brantford lighting gives any room a polished, traditional look. The globe finial gives this collection a universal appeal.

Iso™ Bath Lighting

DN0762

With Iso lighting, the telescoping, machined-metal design takes inspiration from European minimalism as it boldly, and beautifully, embraces the future.

See page 56 for product details.

In addition to high-end style, our lighting provides installation benefits. The Quick-Connect Wiring System allows installers to pre-wire the light fixture to the junction box, meaning there is no need to hold the fixture up to the wall during the wiring process. Glazed sockets help ensure the socket rings install with ease.

Grab Bar Buying Guide

Triple Your Safety.

It is recommended that bathrooms be equipped with grab bars in the tub, by the toilet and in transition.

Who Should Use Grab Bars?

Everyone! People of all ages and abilities can benefit from using grab bars.

What Can A Grab Bar Do For You?

- Reduce your risk of falling in the tub or shower.
- Help you steady yourself while getting into and out of the bathtub or shower.
- Assist in safely lowering and raising yourself from a seated position.

How Many Grab Bars Do I Need And Where Should They Be Installed?

Health professionals typically recommend three grab bars in a bathroom:

- At least one along the back wall in the bathtub or shower.
- At least one along the showerhead wall or whichever end of the tub/shower you use to enter/exit.
- At least one near the toilet.

Things To Consider When Selecting Your Grab Bar(s):

- **Length:** Select a grab bar that is the suitable length for your bath or shower area.
- **Finish:** Consider a grab bar that matches your faucet and other fixtures.
- **Weight Capacity:** Choose a grab bar that at least meets ADA requirements (250 lb.); SecureMount™ Grab Bars have a 500 lb. weight-pull capacity that exceeds ADA requirements (when securely installed per instructions).
- **Installation:** Grab bars that feature SecureMount have a design that allows for secure installation into a stud or wood backing at any angle. When using SecureMount Anchors, there is no need for installation into a stud or wood backing.
- **Grip Surface:** Consider a grab bar with a textured surface or grip feature that provides a better hold in a wet bathroom environment.
